JINNAH WARNS MUSLIM MAJORITY PROVINCES

No Pakistan Through Massacre Of Innocents

Retaliation Will Lead To Vicious Circle Of Bloodshed & Cruelty 'Putting Off Day Of Our Freedom'

NEW DELHI, Nov. 11, (A.P.I.): Mr. M. A. Jinnah, President of All-India Muslim League, has issued the following statement:

"This is not the time for me to add anything to what is already so very clear to every honest, thinking and intelligent man. There is no limit to the false propaganda that is being carried on to throw the blame on the Muslim League and the Musslamans for what is happening in various parts of India. There is no foundation or justification for making wild and false allegations against the Muslim League, but this is not the moment for me to deal with them or pass judgment.

"I know that the Mussalmans have suffered heavily and are suffering, but the tragedy of Bihar has eclipsed what are mere specks elsewhere. I condemn brutality in any shape or form but the Bihar tragedy has no parallel or precedent in this record of cold-blooded butchery of the Muslim minority in various parts of the country committed by the Majority Hindu community".

GRAVE PROVOCATION"

"While I can quite understand that there is a grave provocation and resentment among the Mussalmans of India. I wish to caution them that retaliation or vengeance in Muslim majority provinces for what has happened in Bihar, and is happening in other parts of India, will be a terrible catastrophe and a blunder on our part, both morally and politically and we shal be only playing into the hands of our enemies. If you really want to achieve Pakistan, I pray to God that Muslim honour should not be sullied by inhuman, degrading and brutal happening of the kind that have taken place in Bihar. We should not sink low in the scales of civilisation, morality and humanity.

While our hearts may bleed for the suffering, we cannot sanction cowardly inhuman massacres of the innocent in other places where Muslims happen to be in majority.

We must prove politically that we are brave, generous and trustworthy; that in Pakistan areas the minorities will enjoy the fullest security of life, property and honour just as the Mussalmans themselves—nay, even greater. If the Mussalmans lose their balance and give vent to the spirit of vegeance and retaliation and prove false to the highest codes of morality and preachings of our great religion, Islam, you will not only lose your title to the claim of Pakistan, but also it will start a most vicious circle of bloodshed and cruelty, which will at once put off the day of our freedom and we shall only be helping to prolong the period of our slavery and bondage.

"I am glad that so far, the Muslim Majority provinces have been peaceful and immune from this virus of holocaust and I hope and trust that they will not lose their balance and will not stoop to the spirit of malice, revengefulness or retaliation, however deeply they may feel from what they read and hear of the terrible happenings, especially in Bihar.

DEFEND NON-MUSLIMS

"I therefore most fervently and earnestly appeal to the Mussalmans, where they are in majority, to do their best to protect and defend the non-Muslims and do everything that lies in their power to create a complete sense of security and confidence among the non-Muslim minorities. The sufferings of the Muslims in the minority provinces and the terrific death roll and the butchery that has taken place will not go in vain. This sacrifice will, I am sure, establish our claim to Pakistan. Those who have died, been wounded and suffered the loss and destruction of property may take some consolation that they have suffered and made their contribution for our freedom and the achievement of Pakistan".

CASUALTIES IN BIHAR CARNAGE

CALCUTTA, Nov. 11 (A.P.I.): Mr. A. K. Fazlul Huq, former Premier of Bengal, who returned during the week-end from a visit to disturbed areas in Bihar, stated in an interview that calculations based on reports showed that the number of killed in the Bihar carnage was somewhere in the neighbourhood of 30,000 and there were reasons to believe that this number had been exceeded by the time he left Bihar. The number of killed was roughly five or six times more than the number injured. It should be added that all calculations regarding casualties were based on reports and not on personal knowledge.

The situation in Bihar was too terrible to be described adequately, said Mr. Huq, there was no sign of abatement of the fury of the attacks and the deathroll was mounting rapidly every day. For the last few days the attacks had been confined to mass invasions on villages during the night and a survey of the affected areas from the air during day time conveyed no impression of the apoalling havoc that was taking place. The minority were naturally concentrating in selected villages and the hooligans were attacking these in battalions.

"GALLANT RESISTANCE"

Mr. Huq continued that all reports agreed that the minority had been putting up a gallant resistance but the odds everywhere against them, were heavy, and they ultimately succumbed and were cut down to a man. The result had been that the number of killed was roughly five or six times more than the number injured. The minority had been complaining that all defensive weapons had been taken away from them whereas the hooligans were armed with all sorts of lethal weapons, including fire arms of various descriptions.

Pandit Nehru had taken a courageous stand against the depredations of the Bihar hooligans, added Mr. Huq, but he was not only ignored but in many cases had been subjected to attacks by angry mobs. At any rate he had been insulted openly in public meetings. This showed that the situation could not be brought under control by peaceful means.

Bihar Muslim leaders had made certain suggestions to the Viceroy and the Governor through Sardar Abdur Rab Nishtar, but the Viceroy's replies were reported to be unsatisfactory. Concluding, Mr. Huq said that he was haunted by the idea of the possible extermination of the minority community in Bihar.

FIVE STABBED IN CITY

One Looter Caught Red-Handed: 14 Arrests On Monday

BOMBAY, Nov. 11, (A.P.I.): The Director of Publicity, Bombay, in a Press Note issued late at night says:—

"Five out of six persons who were trying to break open a shop in Maharbaori sector of the city ran away when a policeman in plain clothes intervened and arrested the sixth man. In all fourteen arrests were made on Monday between morning and late at night, mostly for possessing knives or breach of curfew order.

Five knife-attacks were made in the city on Monday. In connection with one of them two arrests were made in Lower Parel. The last two stabbings were reported from Agripada.

An object that looked like a crude explosive was thrown in Maharbaori area but did not explode.

Some offensive material was thrown in a residential block in Byculla on Monday afternoon.

City Curfew Extended

The Commissioner of Police, Bombay, has extended his orders fixing the hours of Curfew between 6-30 p. m. and 6 a. m. in all the curfew areas and places in the city. The extension is for seven days commencing from Nov. 12.

Security Measures Ordinance

The Government of Bombay promulgated an Ordinance known as the Bombay Security Measures Ordinance to put a stop to acts of vandalism. A statement of its objects says:

The disturbed conditions prevailing in certain parts of the Province of Bombay render it necessary, in areas in whch an order is passed by the Commissioner of Police or the District Magistrate prohibiting the carrying of knives etc., to prescribe whipping as a penalty for disobeying such order.

It is also necessary to take power to prevent the carrying of corrosive substances like acids.

It is also necessary to make provision for imposing collective fines on the inhabitants of areas where inhabitants are concerned in offences affecting the public safety or the maintenance of public order or are failing to help in the apprehension of offenders or are suppressing evidence of offences.

It is also necessary to provide for the employment of additional Police at the cost of the inhabitants of any areas of Greater Bombay which appear to be in a disturbed or dangerous state.

KOLABA QUIET BUT TENSE

The Director of Publicity, Bombay writes.

Generally in the northern parts of the Kolaba District, the situation is quiet but tense.

On the night of the 9th-10th trouble broke out in Mangaon Taluka. At Makti, near Indapur, 7 houses and two cattle sheds were burnt. Two persons were killed and one was injured. Four persons are reported missing. The District Superintendent of Police is known to have proceeded to Makti yesterday morning.

In the course of the day the situation deteriorated. Trouble-makers were reported to be out on the road near Mangaon and the road between Mangaon and Mahad is blocked at four points. At Dahiwadi near Goregaon in the south of Mangaon Tauka, 52 houses and 12 cattle sheds were burnt Three persons were killed and 7 injured. Two persons are reported arrested. The District Superintendent of Police went there in the afternoon.

ONE KILLED IN FIRING

At 4 p. m. yesterday near the village Khandpale which is near the road in Mangaon Taluka on the borders of Mahad Tauka a police party under the District Superintendent of Police encountered a mob of about 200. The Police had to fire on the mob killing one and injuring 3 and dispersed the crowd.

In the meantime, a communal riot of some kind not yet determined had broken out at Mangaon. A telegram was received yesterday from a local leader which seems to indicate that some members of one community attacked members of another community. The Military Liaison Officer travelled from Mahad to Mangaon yesterday evening clearing the road and when he got to Mangaon he noticed that several houses were burning. Further details are not available at present.

The military have sent up two reconnaissance parties, one from Kalyan going down the coast road and the other from Poona entering Kolaba District from the south to see what is going on.

The situation at Mahad is reported to be tense but nothing so far has happened. Extra Police have been sent to Mahad from Satara by the Inspector-General of Police.

Two formations of troops are leaving for Kolaba District immediately, one from Kalyan and the other from Poona.

A disturbance occurred at Bhatya and at Ratnagiri on Saturday last. Seventeen are reported to have been injured. The situation is now well in hand.

'Cease Fire' In Indonesia

Van Mook Hopes Negotiations Will Bear Fruit

BATAVIA, Nov. 11 (Reuter): Fighting has ceased on most fronts in Indonesia following last week's "cease fire" order which resulted from three weeks truce talks between the British, Dutch and Indonesians, Dr. Van Mook, Governor-General of the Dutch East Indies, said in a broadcast here.

Dutch troops had taken over Palembang, Sumatra, without incident.

"In the discussions following the truce the (Dutch) Commission General will be able to indicate a solution of our problems, satisfactory and honourable to both the parties", he said. "The reality of the Republic cannot be arbitrarily torn in pieces. If we can base ourselves on the fact that leading personalities on both sides are honest people with a sincere wish to arrive at a decent, lasting form of co-operation, I think we can safely say that we can hope for a successful result".

N.-W.R. FACILITIES FOR MEERUT CONGRESS SESSION

LAHORE, Nov. 11 (A.P.I.): The North Western Railway is providing additional railway facilities at Meerut City and Meerut Cantonment stations for the large number of delegates and visitors expected at Meerut during the forthcoming session of the Indian National Congress.

While the time available has been short and material difficult to obtain, it has been found possible to construct an additional passenger platform, carry out alterations to track and signalling to speed up reception and departure of trains instal another tube well to meet the expected demand of three lakhs gallons of water per day at that station, lay about 15,000 feet of pipe line, chlorinate the water supply, provide sanitary arrangement and prepare assembly areas for passengers. Extra booking offices at the two stations and at Congressnagar are also being opened, together with an enquiry office.

Thirty-four engines have been arranged to haul trains carrying passengers from Meerut at the close of the Congress session and the maximum number of special trains will be run for this purpose depending upon the availability of passenger carriages.

FLARE-UP AT MEERUT

24 Hours Curfew Reimposed For Indefinite Period

MEERUT, Nov. 11, (API): A number of stabbing cases occurred this morning when the curfew was relaxed from nine to twelve this morning. Ten persons succumbed to their injuries but the figure is expected to be more.

The twenty-four hours curfew has been reimposed for an indefinite period.

SITUATION IN U. P. RETURNING TO NORMAL

LUCKNOW, Nov. 11 (A.P.I.): Except for a few sporadic incidents in Meerut Benares, Agra Bareilly and Cawnpore during the week-end, reports received from other parts of the province are encouraging, although there are still signs of nervousness. A minor clash was reported from a village in Fatehgarh District but the situation was soon brought under control.

A Government spokesman told the A.P.I. that no fresh incidents had been reported from Meerut and Garhmukteshwar and the situation there was believed to be returning to normal.

VILLAGE NEAR DELHI BURNT

NEW DELHI, November 11. (A.P.A.): Police reported early this morning that an entire section of a village was burned and at least 30 men, women and children killed as tension between the two communities tautened to breaking point over the plains lying on the door-step of India's capital.

CURFEW EXTENDED

"Curfew has been extended in Delhi till the morning of 18th Nov. within the area of Delhi Municipality and Fort Notified Area Committee.

The hours of curfew will be from 6 p. m. to 6 a. m. the area of Paharganj police station [illegible] of the Delhi Municipality is also covered by this order.

Three bodies including that of a young girl have been recovered by the police this morning from different parts of the city. All these persons are reported to have been murdered during the night.

Three stabbing cases occurred in the city since this morning. One among those stabbed is a local Congress man, Lal Rup Narain.

Police pickets have been posted at various places.

FATAL STABBING IN AHMEDABAD.

AHMEDABAD, Nov. 11, (A. P. I.): One person was fatally stabbed and two others, injured by acid throwing in Ahmedabad today.

Sharp Cleavage Between Left And Right

RESULTS OF ELECTIONS TO FRENCH NATIONAL ASSEMBLY

PARIS, Nov. 11 (Reuter): A sharp cleavage between the Left and the Right appeared likely in the new French National Assembly as strong Communist and Right-wing gains piled up at the expense of M. Leon Blum's Socialists and M. Georges Bidault's M.R.P. (Progressive Catholic) Party, cables Harold King, Reuter's correspondent.

The latest figures for 592 seats out of 618 made the Communists and near Communists the strongest single party with 172 seats, closely followed by MR..P. with 163 and Socialists taking the third place with 96 seats. The Radicals and Allied groups obtained 62 seats, the Republican Party of Liberty and other conservative groups 78 and the newly formed Gaullist Union nine.

Communist gains of nearly 272,000 votes and 18 seats in Metropolitan France alone were matched by Right-wing gains of over half a million votes and 26 seats and even a joint Communist-Socialist majority in the new House did not seem likely.

The Communist Party through its organ "Humanite" today declared its readiness to assume leadership of the new Government, while observers were assessing the chances of a new three-party coalition.

IN ALGERIA

Five members of the extreme Algerian Group "Triumph of Democratic Liberties", which advocates Algerian independence, were returned in yesterday's elections.

Algeria also returned seven strongly pro-French Algerian deputies—of the Franco-Moslem Union group.

Putting the Communists in the position of the strongest single party—both by the number of their deputies and by the votes polled—the elections have increased the division of France into Right and Left.

"BIG SPLIT"

One pessimistic lobby correspondent called it a "big split" owing to the marked simultaneous move towards Left and Right.

The combined Communist, Socialist and other strength in the new Assembly appeared likely to be weaker than in the last Parliament where the Communists and Socialists together had a bare majority.

The results still awaited from the far colonies were regarded as unlikely to provide them with a majority in the new Parliament.

BEDS SCORE

LONDON, Nov. 11 (Reuter): The final results for 102 Metropolitan France Departments and three Algerian Departments (with results still to come from three more Algerian Departments, Corsica and the Empire) announced by Paris radio at 3 a.m., G.M.T. (8-30 a.m. I.S.T.) were:

COMMUNISTS: 168 (gains 16);
SOCIALISTS: 94 (losses 27);
M.R.P.: 159 (gains 2);
RADICALS: 50 (gains 14);
P.R.L.: 63 (gains 4);
GAULLISTS: 24 (gains 17).

The radio gave the following comparative voting aggregates for 69 Metropolitan Departments of France:

COMMUNISTS—4,159,000 votes as against 3,962,000 last June;
SOCIALISTS — 2,543,747 against 3,024,000;
M.R.P.—4,000,000 against 4,350,000;
RADICALS—1,420,000 against 1,568,000;
P.R.L.—1,550,000 against 1,050,000;
GAULLISTS—422,000.

City Fathers Demand Inquiry Into Bihar Atrocities

Govt. Must Prevent Recurrence Of Similar Trouble And Organise Relief For Sufferers

BOMBAY, Monday.

The brutalities committed in certain parts of Bihar were condemned and an impartial inquiry into their causes was demanded by the Bombay Municipal Corporation to-day.

A resolution sponsered by Mr. S. K. Patil, condemned the atrocities and requested the Government of India to take prompt and adequate steps to bring the situation under control and to prevent recurrence of similar trouble. The resolution further requested the Government to organise relief for the sufferers and to institute an impartial and open inquiry into the whole matter at an early date.

Moving the resolution Mr. S. K. Patil said that there were no two opinions in the House that the atrocities committed in certain parts of Bihar were as condemnable as any other atrocities. Mr. Patil added that actions and reactions, ideas of vengeance and retaliations were in full swing in the country. We should not utter anything in the House that would further embitter the feelings between the two communities.

Speaking on the city riots, Mr. Patil observed that it was a great shame that the riots had continued for 72 days in the city. There were definite signs of improvement and the city would soon return to normal, Mr. Patil optimistically remarked.

Dr. G. R. A. Shaikh seconded the resolution.

"REACTION TO BENGAL INCIDENTS"

Opposing the resolution Mr. M. N. Talpade remarked, what happened in Bihar was reaction of the incidents in Calcutta and East Bengal. The temperature of the country had gone high after the passing of the "Direct Action" Resolution by the League. In conclusion Mr. Talpade congratulated the Biharis because they would not tolerate what happened in Bengal.

Supporting Mr. Talpade, Mr. R. K. Tatnis observed that he saw no reason to condemn the Biharis when they had done a right thing.

Supporting the resolution Mr. N. C. Bharucha regretted that Corporation had no time to condemn the outrages committed in the city. He further deplored that Mr. Talpode praised the acts of the Biharis.

"I do it unashamedly" Mr. Talpade interrupted.

Concluding Mr. Bharucha said that time had come when the two communities should work together for the political advancement of the country.

Mr. Mirza Akhta Hassan speaking next on the resolution asserted that they should serve the people, and bring about peace and normal conditions in the city in a short time.

Mr. S. K. Patil replying observed that they were sons of the same motherland and atrocities committed in any part of the country must be condemned.

The resolution was passed by an overwhelming majority. Mr. Talpade and Mr. Tatnis opposed the resolution.

Move For University For Baroda

BARODA, Nov. 11 (UPI): The question of establishing a University at Baroda was considered at a meeting of citizens and educationalists of the State here this morning.

It was decided to get a University established at Baroda at an early date and to wait upon His Highness the Maharaja of Baroda to urge for an early implementation of the scheme. A Committee has been set up to carry out these decisions.

Strong opinion was also expressed at this meeting that the Gujarat University be established at Baroda.

Protest Against Assam Govt.'s Eviction Policy

SHILLONG, Nov. 11, (A. P. I.): Mr. Abdul Matin Chowdhury, Member of the Committee of Action, All-India Muslim League, has expressed the hope in a press statement that "the Assam Government will not precipitate a crisis and disturb the peace of the country by embarking upon the evictions of Muslim immigrants in Assam". He adds that the Central Government cannot afford to connive at the wanton and senseless destruction of crops that the eviction policy will entail, apart from the humanitarian aspect of the question".

VILLAGE GUIDES IN BOMBAY PROVINCE

BOMBAY, Nov. 11 (UPI): The Government of Bombay contemplate to undertake the training of "village guides", who will render expert and ready advice to rural population in their agricultural and other problems, the United Press of India understands from authoritative sources.

These guides, who will be men of standing and experience, will, in the usual course, be literate and thoroughly acquainted with at least the mother tongue of the district in which their village is situated. The guides will undergo a training period of one year at various centres in the province and it is expected that the first batch will commence its course in June next.

The training of these guides will include instruction regarding problems relating to agriculture and allied subjects. Government propose to take up training of 1,000 persons in the first batch. Their intention, it is gathered, is to provide each village with one guide, so that ultimately there would be 22,000 guides for as many villages in the province.

It is further learnt that Government are working out a scheme at present. It has yet to be decided whether the guides will be under the direct employment of the Government or whether they will be voluntary workers from the villages. The question of their remuneration has also to be considered.

This scheme is a part of the Government's policy of agricultural reconstruction. It was recently announced that the Government intend to spend Rs. 16,03,42,000 for agriculture in their five-year reconstruction plan.

FIRST STEP TOWARDS ABOLITION OF UNTOUCHABILITY

Bombay Council Passes Harijan Bill: Labour Minister Moves First Reading Of Industrial Relations Bill

After a brief debate of about an hour and a half, the Bombay Legislative Council passed the Bill to remove certain disabilities of Harijans, as it emerged from the Legislative Assembly on Octooer 2, except for an amendment which was in the nature of redrafting.

Hon. Mr. Mangaldas Pakvasa, President was in the chair. Mr. B. G. Kher, Prime Minister and all the Ministers of Government except Mr. L. M. Patil and Mr. G. D. Vartak attended the Council meeting.

Having finished the Harijan Bill, the House proceeded to consider the Industrial Relations Bill as passed by the Assembly.

Moving the Harijan Bill, Mr. G. D. Tapase, Minister in charge of Fisheries and Backward Classes said that the "untouchable" was a part of Hindu Society. He said that the Harijan observed the same secular and sacred Hindu laws and the same rites as the rest of Hindu Society. Yet for centuries that society had looked upon him as an object of pollution. His mere touch was regarded as sinful.

Forced to live outside the bounds of the Hindu fold, his isolation had caused disaster both to the Harijan as well as to the Caste Hindus. All the benefits of Hindu culture and civilisation did not flow to the "untouchable." In social matters his conditions were even more deplorable. In order to perpetuate his bondage Caste Hindus had dictated to him a Code of behaviour, which kept him servile.

Government was determined that this state of affairs must end. This bill was an important step towards the ultimate abolition of untouchability. He asserted that Clause Nine of the Bill which made all offences under the Bill cognisable was the crowning clause of the bill because it provided an index of the earnestness of Government to do away with this evil.

Sir Behram Karanjia, Mr. R. R. Bakhale, Prof. Sohrab Davar. Mr. Abdul Latif Haji Hazrat Khan, Mr. Fakirappa Ghodke (A Harijan), Dr. Abdul Hamied and Mr. Sonu Sing Patil supported the Bill.

Mr. Bakhale while admitting that the Bill was comprehensive in its scope and purpose expressed the opinion that molestation and social boycott of Harijans should also be made penal.

SCOPE OF BILL

Answering the suggestion of Mr. Ghodke that the Bill should be made applicable even to non-Hindus in that any social discrimination practised by anybody should be punishable even if he were not a Hindu, Mr. B. G. Kher Prime Minister said that such was the intention and purpose of the Bill and assured him that its scope would not be confined to Hindus only.

Dr. Abdul Hamied said that it was strange that at so late a time any legislature in India should be discussing such a bill. What it tried to secure to the Harijans was but the elementary rights of all human beings. He expressed the view that the very word Harijan should be banished in that as long as it survived it marked the existence of a distinction.

INDUSTRIES BILL

Mr. Gulzarilal Nanda, Minister for Labour moved the First Reading of the Bombay Industrial Relations Bill, 1946. The Act, as Mr. Nanda pointed out, was intended to regulate the relations between employers and employees and to provide for the settlement of industrial disputes.

Tracing the history of the Bill Mr. Nanda said that it was intended to take the place of the Bombay Industrial Disputes Bill because the circumstances under which that legislation was introduced had changed.

Mr. Nanda declared that they aimed at industrial peace, and for that purpose they wanted to create a certain set of instruments which would help in maintaining industrial peace by keeping off labour unrest.

Mr. Nanda cited statistics to show that if the textile industry of the province ceased for a day about 700,000 of persons would have to go without cloth for a whole year.

The House then adjourned to meet at 1 p. m. on Tuesday.

GOVT. EMPLOYEES ORGANISE

Elected delegates of over 6,000 employees working in the various Departments of Government in the city of Bombay met in the Elphinstone College Hall on the 9th inst. and formed the Bombay Government Staff Federation.

Sjt. Achyut Patwardhan inaugurated the Federation. In the course of his speech, Sjt. Patwardhan dwelt upon the present situation in the country and explained how it was necessary to understand the full implications of the transition through which the country was passing. He congratulated the Government employees on organising themselves. He also advised the employees to forge intimate links with their fellow employees in Government service in other provinces.

Sjt. Asoka Mehta was elected President of the Federation, Messrs. Sushil Kavalekar and P. V. Rao, Vice-Presidents, and Mr. N. S. Giradkar, General Secretary.

The meeting approved the draft constitution of the Federation. It was also resolved to convene at an early date a conference of all the members of the various constituent Associations in order to formulate the demands of the Federation.

BOMBAY, Monday.

On the charge of murdering a woman residing at Rajwadkar Street, Colaba, Babulal Sheik Hussain was arrested by the police on Saturday.

The accused, it was stated, was in love with the deceased. On November 9, at about nine in the night he went to the house of the woman whose husband was at that time away. The accused, who was under the influence of liquor, quarrelled with the woman whom he is alleged to have stabbed fatally with a knife. He then inflicted a wound, it was stated, on his own body, to make others believe that himself and the woman were both attacked by someone.

The accused is now lying in the G. T. Hospital.

The Magistrate ordered the accused to be remanded into police custody till November 25.

BOMBAY, Nov. 11, (API-: Two Moghul Line pilgrim ships went aground and another "S. S. Rizvani" was somewhat damaged as a result of a violent gale at Jedda, according to information received here. Two of the ships were safely refloated. No pilgrims were on board the ships at the time of the accident.

GRANT TO KARVE UNIVERSITY

Premier Promises Increase At Time Of Statutary Recognition

That the Government proposed to increase the grant to the S.N.D.T. Women's University next year and that further increase would be taken up along with the question of statutory recognition of the University, was the answer given by Mr. B. G. Kher, Premier, to a question on the subject by Mr. R. R. Bhakle in the Legislative Council today.

Mr. Kher stated that an annual recurring grant of Rs. 5,000 was being paid to the S. N. D. T. Indian Women's University since 1939-40 and the same amount had been provided in the budget for 1946-47. Government would consider carefully the question of increasing the annual grant after decisions are taken on the question of granting stautory recognition to the University. In the meantime it was proposed to increase the amount of the grant in the next year's budget to Rs. 7,500.

In answer to questions by Mr. Abdul Latif Haji Hazrat Khan, Mr. M. P. Patil, Minister for Agriculture, gave detailed information regarding the working of the 'Grow More Food Campaign' during the last three years. The amount spent, the gross area covered by the various schemes and the net extra yield are shown below:

Year 1943-44 Amount Rs. 6,93,000 Acres 1,197,500 Yield in Tons 146,400.
Year 1944-45 Amount Rs. 19,97,000 Acres 2,470,100 Yield in Tons 406,100.
Year 1945-46 Amount Rs. 33,43,000 Acres 5,527,800 Yield in Tons 460,000.

DIPLOMA IN TUBERCULOSIS

Delhi University To Start Training Course

The Delhi University, it is learnt, has been considering the question of instituting a diploma in tuberculosis and conducting a course of training by utilising facilities offered by the Tuberculosis Association of India and its associated institutions.

A Committee of Experts, it is understood has now submitted proposals to the University recommending that Delhi is one of the suitable centres for post-graduate training in tuberculosis in India, as there are several institutions like the New Delhi Tuberculosis Clinic, the Tuberculosis Hospital and the Lady Lintithgow Sanatorium at Kasauli where facilities for students are available.

It is understood the first course is likely to begin early in January 1947, the training will be for a period of nine months—five months in Delhi, and four months in the Lady Linlithgow Sanatorium, Kasauli.

It is understood that other universities like Calcutta and Mysore are also planning to establish diploma courses. The Madras Government have been for nearly six years running a similar course in Madras.

APPEAL TO P. P. COMMUNITY

In the history of the Pathare Prabhu community an event of considerable importance has been scheduled in the beginning of 1947, when the Pathare Prabhus of Bombay will meet in a Conference, to deliberate and decide upon the future well-being of the community in general and the educational, social and economical aspects in particular. The Conference will be held under the auspices of several institutions in the community, belonging to different schools of thought.

A Reception Committee with Mr. K. B. Wasoodew, a former Judge of the High Court, Bombay, as Chairman, has been busy in organising the function on an elaborate scale.

The Chairman of the Reception Committee, Pathare Prabhu Conference, has appealed to every male and female in the community to forward to his address at 46C, Warden Road, Bombay, any constructive suggestion in the futherance of the objects of the Conference that they propose to make before November 15.

In Aid Of Chinese School

The Society of Indian Magicians staged a magic and variety show on Saturday last, at St. Xavier's College Hall to raise funds for the building of Chinese School. Amongst the interesting items were Eddie and Sarah Jason, the latter "the lady with a plastic mind", exhibited astounding feats of telepathic demonstrations. Another feat of mental telepathy was exhibited by the President, Dr. Fram D. Nasikvala, by asking members of the audience to write down any questions on slips of paper which were distributed which later were collected by his assistant and burned in the presence of the audience. All the time Dr. Nasikwala never touched the slips and he correctly interpreted all the burning slips which feat was very much appreciated. Mr. Homi S. Metha, Fooling-Ling-Yu and Mr. Homi F. Tavadia also contributed interesting items.

"All-India Women's Conference Day"

A gathering of members off all the Constituent Branches of the All-India Women's Conference in Bombay will be held at the Convocation Hall on Thursday, November 14, at 3-45 p.m. Mrs Hansa Mehta, President of the Conference, will speak on the significance of the Day.

BHARAT NATYA RECITAL

Modern Composers To The Fore

Under the auspices of the S. I. Sangeetha Sabha, Anandi and Radha gave a Bharata Natya recital before an overcrowded house at Matunga on Sunday. "Alarippu" was done as a duet with beautiful neck movements and quick steps with rhythmic finish. In "Jatiswaram", Radha wove a series of sound cadences, while in "Varnam", which was executed as a duet, both the artistes interpreted the "Nritta" and "Abhinaya" aspects, with a crescendo of quick movements and fast foot patterns with finished "Tirmanams". In "Abhinaya" items, Radha scored in "Thaye Yashoda", where she interpreted the pranks of Krishna and his amorous episodes with all the fun and frolic of eloquent gestures. Anandi hit the mark in "Yen Palli Kondir" wherein she exhibited a rare type of "Samcari Bhava", bringing out the interpretational variations of the song in all its delicate shades and colours with ornamental nuances and graces and fluidity of expression.

Shrimati M. S. Subbalakshmi sang the "Padams" for the "Abhinaya" items, and one was intrigued sometimes whether the plaudits were for 'song-hits' or for 'dance-hits'. In "Tillana" both the girls brought out the glamour that is Bharata Natya, with a series of sculpturesque attitudes with intricate foot rhythm, breathing vim, vitality and vigour. To students of the Bharata Natya technique, the incorporation of two items like "Aduvome" by the modern poet, Bharathi, and "Malai Poludhinile" by "Kalki" has a deep significance. The latter song was composed in 1944, and the rare fortune of Bharata Natya having classic composers at its call even in the present day should prove a pointer to other schools of dance. Bharathi's song, which is also a 20th century composition, is the poet's prophetic vision of a Free India where her sons and daughters will worship in the shrine of freedom, honouring dignity of labour and refusing to be slaves to the capitalists or imperialists. That this song, with its pronounced modern trend and patriotic fervour of "Swatantra" and "Swarajya", should have been captured and "dance-ised" is an achievement of no mean order, credit for which should go to the dance master, Ramayya Pillai, and his inspirers. That the old classic art of dance has a wealth and variety of raw materials to capture any modern theme, or even a passing trend, should prove an object lesson to the so-called modernisers of Indian dance who think in terms of cheap operate display and 'crescendo finish' music. Ramayya Pillai's 'adavus' for dance sequences were not the usual mechanised variety but happily combined the rhythmic with the melodic, giving good scope for display. Mr. S. A. Iyer who presided over the function eulogised the artistes on their display.

Growing with Benefit...
Whatever the process of industrial growth, certain basic economics must apply to every enterprise—if it is to grow with benefit. Complete willingness to support indigenous products wherever available and to encourage new ventures wherever feasible, must precede any initial planning. Adequate paints, for instance, are needed to preserve the capital value of industrial plants. Paint products manufactured by the members of this association have a wholly Indian effort behind them. Wide-Spread Rain In Malabar

POONA, Nov. 11, (API): The following is the daily weather summary for Monday, the 11th November 1946:

The depression of the Konkan is shallow and was centred this morning about eighty miles west-south-west of Bombay. It is moving in a north-easterly direction and is likely to cross the coast near Bombay by to-night. Rainfall has been widespread in Malabar and over the region from the Konkan to East Central India, while a few showers have occurred in the rest of the peninsula and east Gujarat.

FORECAST UNTIL THE 12TH EVENING: Rainfall will be widespread along the belt from the north Konkan to east Central India and local in the Madras Presidency, Hyderabad, Mysore, the south Bombay Deccan and the South Konkan. There will be a few showers in east Gujarat, Central India, in south-east Rajputana and the east United Provinces.

Heavy rainfall warning: Isolated heavy falls of rain will extend to east Gujarat within the next 24 hours.

A THOUGHT FOR THE DAY

Every nation of the world is labouring under the terrific illusion that its enemies exist across some geographical boundary. We do not slay our enemies when we slay our brothers; we merely multiply them. Hate, fear, ill-will, greed, ignorance, pride, nationalistic bigotry—these are the real enemies of my country, and your country, and every country.

—Dr. Harold Phillips

The Bombay Chronicle

FINANCING RECONSTRUCTION

Towards the end of the last month Mr. L. M. Patil, Minister for Reconstruction briefly outlined the Bombay Government's first five-year reconstruction plan and pointed out that the whole plan would cost nearly Rs. 87 crores. He also explained, though very briefly, how that cost would be met from past revenue surplus, fresh taxation and borrowing. The plan was widely welcomed but many desired fuller particulars about its financing and a few critics suggested that more than the proposed taxation might be found necessary and that a detailed clarification of the whole policy of financing the plan with special reference to fresh taxes would facilitate the floatation of big loans. In response probably to the wide desire for fuller particulars Mr. Patil has issued a press note setting forth the necessary details about financing the scheme. It was explained in the last statement that the total cost, namely, Rs. 86.61 crores was proposed to be met as follows: Rs. 17.5 crores from a subvention from the Central Government, Rs. 12.5 crores from the already built up Post-War Reconstruction Fund; Rs. 10 crores from revenue surpluses; Rs. 10 crores from fresh taxation; and Rs. 36 crores from loans. In his present statement Mr. Patil duly reckons with the gradual loss of Excise revenue in the future as a result of the Government's Prohibition policy. But he points out that this loss is more than off-set by the proceeds of the sales tax, nearly Rs. 2.5 crores; by an increase of Rs. 2.5 crores per annum in the share of income-tax proceeds allotted to this province and the possible share of this Government in the revenue from Estate Duties, the imposition of which is contemplated by the Central Government.

Mr. Patil admits, however, that fresh measures of taxation will have to be devised to cover all recurring expenditure on the plan, estimated at Rs. 7.5 crores annually, beyond Rs. 1 crore that will be available as revenue surplus at the end of the five-year period. But the Government of Bombay, he says, has reason to expect that such measures can be devised. For, in the first place the new plan lays most emphasis on wealth producing schemes, which will either yield a direct return or increase men's taxable capacity, such as those connected with the electric grid, irrigation and agriculture. Mr. Patil estimates that the proceeds from the new taxes yet to be introduced will amount to about Rs. 6 crores per annum at the end of the five-year period; and that during the five years when the taxes will be in the process of introduction the total yield from them will be Rs. 10 crores. Secondly, we are told that to this amount of Rs. 10 crores may be added a so far unearmarked "free balance" of Rs. 10 crores from the revenue, which is now used as the working capital of Government's extensive scheme of food purchase and distribution. Mr. Patil rightly urges that if, as may reasonably be expected, Government's food operations gradually diminish in volume and in the next few years, cease altogether, the whole of this amount will be available for the Reconstruction Plan. In view of this "free balance" of Rs. 10 crores being soon available for general expenditure it is now expected that the loan to be borrowed will not be for more than Rs. 27 crores. And a large part of the loan will be ultimately productive, such for instance as will be expended on the electric grid, major irrigation projects and nationalisation of motor transport. It will be seen from all this that there should be no serious difficulty either about fresh taxation or borrowing. The many services that one expects from a modern progressive Government have, of course, to be paid for by the public through taxes. But we have no doubt a popular responsible Government will see to it that taxation will be thoroughly equitable and reduced to a minimum.

Frankly Speaking

U.N.O.'s Inadequacies

At the Guild Hall, the Prime Ministers of Britain annually orate on British policy towards international, international and imperial affairs. The other day Mr. C. R. Attlee ably carried out the traditional duty. He spoke of British trade, world peace, UNO—and the Empire. Admittedly world peace depends on the good will and sense of responsibility of many powers, especially the Big Powers, who are absorbed more in intriguing against, and quarrelling with, each other than in devoting themselves to what should be their main and sacred duty. This naturally affects the progress of UNO with its leaders providing obstructions rather than making smooth its passage. It is inadequate because the Big Powers do not remove its inadequacies at some sacrifice to their own narrowly conceived "interests". The Soviet Union is certainly to blame but so are the others including Britain.

Attlee And Imperialism

For instance, Mr. Attlee spoke of British responsibilities to the peoples of "the Empire" and declined to relinquish any of them "until we are satisfied that we have achieved greater security to replace what now exists". This unilateral right to satisfaction is one of the main bases of Big Power, and, therefore, world, troubles. Moreover, Mr. Attlee is discharging "responsibilities" in a very strange way indeed when, for example apart from accepting and condoning the inhuman wrongs done to the real inhabitants of South Africa—80 per cent of the total population—by the White Union Government, he is energetically supporting the wicked disigns of that Government to acquire mastery over South-West Africa and its natives, who would be definitely better off under any other regime. Nor is that all. There is certainly a difference between Mr. Attlee's Imperial policy and the arrogant we-mean-to hold—what-is-ours attitude of Mr. Winston Churchill, but there is also a great deal of difference between Prime Minister Attlee and Socialist Attlee. Even if it is admitted for argument's sake that "our action" in India and Burma has not been forced by circumstances, which British Imperialism could not control, the claim that "our action in the Colonial Empire" is something different from "Imperialism" is rather too big a dose to swallow. What is "our action", if not Imperialism, in Kenya, Rhodesia and elsewhere?

Byrnes And Palestine

According to a British paper, Messrs. Truman and Bevin are credited with having made new moves in connection with the Palestine problem. The American President, whose sympathy for the Jews—at the expense of the Arabs—was powerfully stimulated by internal politics, has now handed over the duty of handling the question to the State Department and Mr. Byrnes. This is perhaps largely due to the fact that the Congressional elections are now over with complete failure of his efforts to catch votes. Moreover, even such a zealous pro-Zionist might have felt embarrassed by the increasing terrorism of extremist Jews in Palestine and thought it better to pass the whole trouble on to his Secretary of State. But in this report the Arabs cannot find any cause for optimism. Mr. Byrnes has so far shown himself no less pro-Zionist than his chief, though he has been more tactful and discreet.

Only Alternative

Nor can the Arabs afford to be less vigilant over Mr. Bevin's new move. In view probably of the end of Congressional elections and the increase in terrorist activities of Jewish extremists—significantly enough, the Zionist leaders condemn these activities verbally but have not checked them—Mr. Bevin has thought it the right moment to demand American collaboration in the settlement of the Palestine question on pain of surrendering the Mandate to the United Nations Organisation. The British solution formulated independently of America is by itself unacceptable because, at best, it partitions an Arab country into Arab and Jewish and British. If the United States agreed to share responsibility with Britain there is every reason to believe that it would be on conditions which make the British solution even worse for the Arabs. Failing the honest and straightforward course of handing the country over to its nationals, the best alternative is to surrender the Mandate to UNO. That will open the way for the Arab countries to challenge the whole question and the perverted theory of conceding alien Jews' rights to a country that is not theirs and that has not been theirs for more than thirteen centuries

OUR READERS' VIEWS

Pensioners' Plight

Sir,—The pensioners of all departments in the Bombay Presidency had applied to the Government about June last year for an increase in pensions to meet the rising cost of living which has been and still is more than they could meet out of their pensions. They pointed out that Government had actually granted an increase on this account to their officers, servants and to re-employed pensioners and they wished the Bombay Government to extend the same treatment to them. Their request was partially granted in the case of low grade pensioners but the higher grade pensioners had to go disappointed.

Not content with this decision of Government they approached the recently appointed Delhi Pay Commission through the Bombay Government F. D. but the latter returned their application as the Delhi Pay Commission was a Central Pay Commission and they had held in similar cases that the question of pay and pensions of Provincial Government servants was not included in the terms of reference given to them and that therefore they were unable to give their opinion on the question. The pensioners were thus damned both ways.

The Bombay Government should now appoint a Provincial Pay Commission to decide the question at an early date.

Shortage In Cattlefood

Sir,—There has been an ever increasing cry for food for human beings since the last three years or so, all over the country. But the bullock that mainly tills the soil and the cows and buffaloes that give us milk cannot cry for their requirements. Inadequacy of cattle foods is one of the major causes for food shortage, as the bullock power on which our agriculture mainly rests cannot be fully utilized for want of adequate and proper feeding. Hence the Grow More Food Campaign should be supplemented by a strong campaign for growing more cattlefoods.

Unless some definite policy for cattlefoods for Bombay is outlined and adopted, grave danger is in store for the city. There are in this city about 60,000 milch cattle whose milk is by no means adequate to meet our needs. Add to this, cottonseeds, chuni, G. O. cake are available to them in such an aggravatingly low proportion that our milk supply, already feeble, is bound to fall, still lower.

'Chuni' is one of the main and most essential food for Bombay's cattle and the Bombay Humanitarian League in charge of its procurement and distribution since the past two or three years do supply, since the last two months, anything more than half a lb. of chuni against four lbs. fixed as ration for each milch cattle per day. That office informs us that the quotas obtained by them for the city from the Centre are available on paper only and most of the Provinces and States where they have purchased huge stocks since the past two or three months, refuse to grant export permits. The situation has been worsened to a great degree by Government's intentions to undertake for themselves the work for procurement and distribution of these cattlefoods and the Food Controller is constantly interfering with the B. H. League administration. The League has already arranged to make appreciable quantities available from States like Patiala and Nabha, but are unable to import the same for want of a reasonable rate which is to be fixed by Mr. Raman.

It is, therefore, evident that an embarrassing situation has arisen and the League who have been asked by Government to stop further purchases will not be able to serve the dumb animals for whose cause they stand. This Institution has done a great deal for the cattle and the cattle owners for the last two years and if in its absence, Government fail to procure the Chuni, 60,000 milch cattle of this city will have no chuni by the end of this fortnight, and will have to die. This matter, therefore, needs a definite policy and practical handling by the fat salaried officials forthwith. If they can do nothing by themselves they should at least allow some agency to conduct the work on their behalf with the least possible interference.

ROYISTS KEPT OUT

BOURNEMOUTH, Nov 10 (UPA): Two delegates from the Radical Democratic Party appeared at the International Socialist Conference here today.

The Indians, whose names were Patel and Tyab Shaikh, distributed literature about their party and were invited to lunch by some delegates of the Conference but were not admitted to the sessions.

Labour Party circles said that no invitation was extended to any Indian organization owing to the existence of a great number of Indian political groups describing themselves as Socialists

Jewish Threat To Life Of Montgomery

Terrorists' Warning On Phone

SPECIAL PRECAUTIONS FOR KING'S OPENING OF PARLIAMENT

LONDON, NOVEMBER 11. (A. P.A.): A MYSTERIOUS TELEPHONED THREAT TO THE LIFE OF FIELD MARSHAL MONTGOMERY, CHIEF OF THE IMPERIAL GENERAL STAFF, WAS DISCLOSED TODAY.

While police and Scotland Yard redoubled their vigilance against the Palestine undergrounds' warning that terrorism would be carried to London, Scotland Yard, confirming that a call along these lines was received, said it was part of the background of its announcement on Saturday night of special precautions against terrorists.

SECOND CALL

Yard officials denied knowledge of a reported second call last night in which the caller was said to have threatened to blow up the War Office.

An official announcement of the precautions followed a broadcast by Irgun Zvai Leumi that it meant to extend "our activities to other countries". Special protective measures include a check on arrivals at British ports.

Details are lacking on the measures to protect Field Marshal Montgomery, but it is understood that his flat, near that of Sir Harold Scott, Metropolitan Police Commissioner, is now guarded day and night. Scotland Yard denied a reported threat to assassinate Sir Harold.

PRECAUTIONS FOR KING'S FUNCTION

LONDON, Nov. 11 (Reuter): Special precautions against possible Jewish terrorist disorders will be taken tomorrow when the King opens the new Parliamentary session and the traditional search of the vaults beneath the Houses of Parliament is likely to be less of a formality than usual, it is learned on excellent authority.

Armed men of the special branch, every available one of whom has been called for duty, will mingle with the crowds.

TROOPS ON ALERT

LONDON, Nov. 11 (Reuter): Three companies of troops are standing by in London ready to co-operate with the police against any attempt by Jewish terrorists to carry out their threat to spread their activities to British Isles, it is authoritatively learned.

THREAT TO ALEXANDER'S LIFE ALSO

LONDON, Nov. 11 (UPA): Scotland Yard today placed special guards on Whitehall buildings as newspapers reported that emissaries of Jewish terrorists organizations had arrived in Britain from the Continent and that threats have been made on the lives of British officials, including First Lord of the Admiralty, Viscount Hall and Field Marshal Viscount Montgomery.

"DEATH LIST"

Jewish terrorist organization chiefs were reported to have drawn up a "death list" and "operational instructions" which were issued to agents now infiltrating into Britain.

Published reports said the death list included Hall—who was Colonial Secretary before his appointment to the Admiralty —,Montgomery— whose threat included a warning that Government buildings would be blown up—and Sir John Shaw, former chief Secretary of Palestine.

TERRORIST SHOOTS DEAD VIET NAM OFFICIAL

PARIS, Nov. 11 (Reuter): A terrorist shot and killed the Secretary of the Pasteur Institute at Hanoi, capital of the Annamese Republic of Viet Nam, French Indo-China, as he was leaving his office today, the French News Agency reported here. The report says that the terrorist escaped.

The Viet Nam official had been threatened with death by terrorists, during the past few days, if he did not leave his job, according to the News Agency. Other Viet Nam employees in official and French organisations in Viet Nam have also been threatened, the Agency report added.

The name of the murdered official has not yet been made public.

SABOTAGE ON PALESTINE RAILWAYS

JERUSALEM, Nov. 11 (UPA): Rail connection between Haifa and Tel Aviv were broken at three places early today by explosions and mines also found on the Haffa-Tel Aviv line. No casualties were reported.

In Tel Aviv three mysterious explosions—believed to be more in a series on blowing up of Irgunist arms and ammunition dumps which have become Hagana targets have occurred.

BANKING BILL SURE OF PASSAGE

Less Important Measures To Be Dropped For Current Session

(From Our Correspondent)

NEW DELHI, Nov. 11: The Select Committee on Banking Bill will commence its sittings here from Nov. 21 and will last for about ten days. The Second Banking Bill which was introduced this session and which regulates the opening of new branches of banks will, it is anticipated be passed during the current session of the Central Legislature.

In view of the short time now available for disposal of Government business, it has been decided not to proceed with Select Committee motions on Electricity bill and Import Export Control Bill. Some other less important bills likewise might be dropped for the current session.

Emergency powers which some of these bills seek to empower Central Government with, have already been obtained by means of Ordinances which will continue in force for six months till May 1. Government, therefore, could safely postpone their consideration and disposal till the budget session of the Legislature which is expected to commence about January 15.

NO CHANGE IN U. S. FOREIGN POLICY

Truman Says Both Parties Have Participated In Inner Council

WASHINGTON, Nov. 11, (Reuter): President Truman declared in a statement today that America's present foreign policy would be continued by him and the Secretary of State, Mr. James Byrnes, as a result national programme with the support of both Democrats and Republicans.

"Members of both parties both in and out of Congress have participated in the inner Council in preparing and in actually carrying out the foreign policies of our Government. It has been a national and not a party programme. It will continue to be a national programme in so far as the secretary of state and I are concerned." President Truman said.

LONDON 'CAFE' ON FIRE

Six Indians Rescued From Roof Of Burning Building

LONDON, Nov. 11, (Reuter): Six Indians were rescued from the roof of a burning building in Leicester Square, London, in the early hours of this morning. The Indians, who included a woman, had escaped from their rooms over Gloucester Cafe, where a fire broke out at about 1 a.m. (G.M.T.). All were rescued by the National Fire Service with the aid of fire escapes.

George Weikl, who works in a theatre nearby, told Reuter: 'Early in the morning, I heard crowds shouting and saw six people on the roof of a "Cafe" from which flames were pouring. Crowds were shouting to them not to jump as firemen were coming".

Katioo Miah, proprietor of the "Cafe", said that about 1-00 a.m. (G.M.T.) he smelt smoke and burning and heard people shouting outside in the street.

"I ran downstairs and fought my way through flames to the basement from where I was rescued by firemen". he said.

His assistant, Mogiruddin, who was with him at the time, said that he was injured in the left leg jumping 15 feet into the basement from the rear window.

"I then climbed a 25-foot wall by means of a drain pipe and escaped. Later I returned because Miah had not followed me. But I found that he had been rescued by firemen. All other people in the house escaped from the roof.

Those rescued from the roof where Hassan Ali aged 25, who was burned on the face and hands: Shiraz Ali, 26; Thid Ali, 27; Abdul Rubhan, 30 and Mr. Basih Amir.

Firemen soon had the fire in the three storey building under control and only a part of the ground floor and front of the "Cafe" were damaged.

At the Charing Cross Hospital, it was stated that four people had been admitted after the fire but only one, Hassen Ali, has been detained. He was not seriously injured and is making satisfactory progress

SHAPE OF FINAL STRUGGLE

Jaiprakash On Rise Of Village Republics

(From Our Correspondent.)

INDORE, Nov. 9, (By Mail.)

Inaugurating on Tuesday last the 27th annual session of the Gwalior State Congress at Guna Town Shri Jaiprakash Narain Socialist Leader and a member of the All-India Congress Working Committee said:

"British Imperialism is on the verge of collapse and it must be dealt the final blow", Giving an indication of the technique of the future struggle for the emancipation of our motherland he pointed out that in the earlier struggles the Congress had adopted Mahatma Gandhiji's technique of filling the British prisons. But now the soldiers of Indian freedom would remain out and put the enemies of Indian freedom in jail. These jails would be made by the revolutionaries. Village Republics, as were formed in Ballia, Midnapore and later on in Satara would be established in every corner of the land. The people of Indian States would play a great role in this struggle.

He emphasised that "the struggle for establishment of Full Responsible Government in the States is an important and vital part of the greater struggle for the emancipation of our motherland. Practically all problems whether they be economic, social, cultural or political in the States are interlinked with those in other parts of the country. Whatever differences to-day exist between Indian States and the rest of India are the artificial creations of the alien British 'Raj' for their selfish ends."

Proceeding Mr. Jaiprakash Narayan said: "The States people demand that their representatives should be sent to the Constituent Assembly should be conceded at once. I fully support their demand for immediate establishment of Responsible Government in their respective States. State is the people's property. To-day Indian States are throbbing with a new life. If the Princes try to come in the peoples' way the revolutionary fervour will strengthen the States people to sweep them aside and march ahead.

IBN SAUD AND INDIA PILGRIMS

NEW DELHI, Nov. 11, (A.P.I.): Mr. A. D. Azhar, who was deputed by the Commonwealth Relations Department of the Government of India to visit the Hejaz in connection with certain matters relating to the Indian pilgrims met Shaikh Abdullah Suleiman, Finance Minister, and Sheikh Mohammad Sarur Sabman, Director-General, Finance and Hajj Affairs, and also had audience with King Ibn-I-Saud and discussed with them the question of providing facilities to the Indian pilgrims.

They all promised help and the King showed special interest in the welfare of Indian pilgrims.

At the end of the interview the King asked Mr. Azhar to convey his good wishes to the Indian Muslims and his promise that his Government will do all it can to provide facilities to the Indian pilgrims.

Mr. Azhar will soon be submitting his recommendations to the Government of India as a result of his study.

CONSTABLE JAILED FOR PICK-POCKETING

BOMBAY, Monday.

Found guilty of pickpocketing, a Bombay City Police Constable was to-day sentenced to undergo four months' R. I. by Mr. G. K. Rege, Presidency Magistrate, Esplanade Police Court.

The charge against the Constable, Dhondappa Seringappa, was that on the eighth of August last he, while travelling in a tram, committed theft of Rs. 210 in cash, a Parker fountain pen and a spectacles case, from the pocket of a fellow passenger, one Chhotalal Sunderji.

Delivering the judgment, the Magistrate remarked that having regard to the fact that the accused was a police constable, he took a serious view of the offence committed by him.

Chhotalal Sunderji, it was stated, boarded a Kalbadevi tram at Bori Bunder. When the tram reached the stop near the Esplanade Police Court, he felt somebody removing something from his right side pocket. Searching the pocket, he found the abovementioned articles and the money missing. The accused, who was standing by his side was then seen by him slowly moving away from him. This aroused Sunderji's suspicion and he went to the accused and placed both his hands on the shorts pockets of the latter. The constable then tried to remove the spectacle case rom his pocket and while doing so, Sunderji saw it in the hand of the accused.

Sunderji reported the matter to a policeman at Dhobi Talao who arrested the accused.

The accused pleaded not guilty, and said that it was another person who picked the complainant's pocket. That person, whom he was going to arrest, ran away dropping the articles in the tram and the accused took them.

The Magistrate disbelieved this story and convicted him.

R.I.N. Constable In Trouble

BOMBAY, Monday.

Mohamed Aslam, an R.I.N. police constable, was arrested by the Naval police on Saturday on a charge of stealing four pounds of gun-powder from the Armament Depot at Butcher's Island.

The accused it was stated put the gun-powder in a packet and kept it in a milk shop saying that it contained rice. Later, the shopkeeper's suspicion was aroused and he took the packet to the police.

The accused was remanded into police custody to-day by the Presidency Magistrate, Esplanade Police Court.

PAR VALUE OF RUPEE

Must Be Expressed In Terms Of "Grains" Says Sir C.B. Mehta

BOMBAY, Monday. (A.P.I.): Sir Chunilal B. Mehta in an interview today suggested that the 'par value' of the Rupee should be expressed in terms of "grains" of fine gold instead of an "ounce".

Referring to the report that the Central Board of the Reserve Bank of India at its meeting held in Delhi on November 9 has decided to advise the Government of India that there was no need to alter the 'par value' of the Rupee in terms of gold which now is .0086347 ounce of fine gold per Rupee, Sir Chunilal B. Mehta said that he was not surprised at the report.

He added: "It was at the request of the Committee of the Federation of Indian Chambers of Commerce and Industry that the Hon. the Finance Member invited the views of the public on the 'par value' of the Rupee and it may be interesting for the public to learn that there has been no meeting of the Committee of the Federation until now to consider that question. However, those interested in industries—which form the majority personnel of the different commercial bodies, being in favour of no change have kept quiet or expressed themselves in favour of 'status quo'.

"Keeping the question of depreciation of the 'par value' of the Rupee aside, it is surprising that the 'par value' of the Rupee is expressed in terms of 'ounce' of gold instead of 'grains' of gold. The U. S. Dollar which is more than three times bigger in value than the Rupee, is expressed in terms of 'grains' of gold. The Rupee itself in 1927 when linked to gold was expressed in terms of 'grains', and now to express the 'par value' of the Rupee in terms of 'ounce' of gold is to put the ordinary public into a maze. It is, therefore, necessary to suggest that the 'par value' of the Rupee be expressed in terms of 'grains' of fine gold instead of 'ounce' of fine gold.

U. S. Wants No World War III

WASHINGTON, Nov. 11, (Reuter): President Truman declared in a speech to-day that the United States was seeking to gain nothing from current international negotiations but peace. "What we are trying to do now is to create a peace which will prevent the necessity of our grandchildren fighting a third world war", he said:

Speaking after placing a wreath on the grave of the unknown soldier at the Armistice ceremony at the Arlington National Cemetery near here, he added: "The welfare of the United States and the welfare of the world are wrapped up in one package—the peace and welfare of the world as a whole".

Conference Of Democratic Socialist Parties

MOURNEMOUTH, Nov. 11, (A.P.A.): The 18-nation Conference of Democratic Socialist parties yesterday invited Greek Socialists to the next conference in Switzerland in 1947, but deferred action on applications for admitting German and Spanish Socialists to the organizations.

Morgan Phillips Secretary of the British Labour Party, said that a majority of delegates were in favour of the "principle" of admitting German Social Democrats to membership, but that action was deferred until the Switzerland meeting when German representatives will be heard. No date or city was, however, selected for the next meeting but Phillips said it would be held in a Swiss city in March or April.

Peoples Party Leads In Yugoslav Election

LONDON, Nov. 10, (Reuter): Yugoslavs voted today in Serbia and Croatia to elect Constituent Assemblies which will frame a new constitution. Elections in other four republics of Yugoslavia were held last month. The Yugoslav news agency stated today, "The allegations that voters have no freedom were incorrect since all parties nominated their candidates on list of popular front. The electors are free to vote for whom they choose", the statement added.

The Belgrade radio said tonight that the results so far to hand showed that "the Peoples Front" had been given 87 to 90 per cent of the votes in today's elections.

In Belgrade 86.6 per cent of the electorate went to the polls.

The editor will receive a formal warning against publication of such articles, adds the Note.

50 INDIANS TO BE RE-PATRIATED FROM GERMANY.

LONDON, Nov 11, (U. P. A.): Fifty Indian nationals in Germany will be repatriated before the end of the year, it was learned today.

The first group was expected to sail from London on November 19 aboard the steamer "Strathmore." K. K. Chatterjee, the Indian nationalist who recently staged a fast, was also scheduled to sail on the "Strathmore".

Assembly Passes Reserve Bank Bill

Discussion On Mathai's Motion On Continuance Of Controls Adjourned

NEW DELHI. Nov. 11 (A.P.I.): The Assembly today passed after a brief debate the finance member's bill to amend the Reserve Bank of India Act so as to put a ban on the issue by banks of promissory notes payable to bearer.

It is explained that Sec. 31 of the Reserve Bank of India Act prohibits the issue of Bills of Exchange payable to bearer on demand. It does not, however, prevent the issue of promissory notes payable to bearer after a fixed period. The issue of such promissory notes is declared to be undesirable as they not only enable anonymous holdings and thus facilitate tax evasion, but also because they would in effect become after the expiry of the period bearer-bonds payable on demand and may circulate as currency. The circulation of large quantities of such bank paper, which might be issued by some banks without adequate cover, might well prejudice the credit of Government's own paper currency. It was, therefore decided to prohibit such issues and as some banks had already started issuing such paper, which had to be stopped before any material issue was made.

An Ordinance was promulgated on May 18, making it illegal for banks to issue promissory notes payable to bearer. The ordinance will expire on November 18 and the object of this will is to put on a permanent footing the ban on the issue of promissory notes payable to bearer.

CONTINUANCE OF CONTROLS

Dr. John Mathai, Member for Industries and Supplies, dealt in the Assembly today with the problem of controls and said that considering the terrific inequalities of income and purchasing power and the difficulties and hardships of the poorer sections of the community, when measures for control of essential commodities came before the House, the House was really on its trial. By its attitude to measures of this kind would the House be judged as regards its truly representative character.

Dr. Mathai was speaking on his motion for consideration of the bill to provide for the continuance during a limited period, of powers to control the production, supply and distribution of trade and commerce in, certain commodities.

Dr. Mathai said that the bill sought to put in the form of an Act of the Legislature provisions already contained in the relevent Ordinances.

Referring to a motion for Select Committee tabled by Mr. Ahmed Jaffer Dr. Matthai said: "I would beg my honourable friend not to press his amendment."

In view of Dr. Matthai's assurance, Mr. Jaffer said that he would not move his amendment.

Mr. E. C. C. Gwilt (European Group), supported the motion.

Mr. N. M. Joshi supporting the bill urged that controls should be enforced effectively and without any discrimination.

Mr. N. V. Gadgil said that with controls, however, badly they were operated "sometimes some poeple somehow somewhere got something but without controls the rich would get everything and the poor would be deprived of their essential needs."

Mr. Tamizuddin Khan considered controls as necessary evils. Mr. Tamizuddin Khan agreed that food and cloth should be controlled till the position eased.

Mr. D. P. Karmarkar said that controls were an absolute necessity now but deplored that they were not properly exercised.

Pt. Thakurdas Bhargava supporting the bill said that the penal provisions in the bill required to be carefully examined. Operation of controls in the past had led to great corruption and harassment to the poor. There was no emergency now and such of those provisions which were harsh and hard upon the accused should be done away with.

PLEA TO REMOVE CONTROLS

Mr. A. R. Siddiqui (Muslim League) urged the abolition of controls. He said: "I would respectfully urge upon the members of the present Executive Council of the Governor-General to forget that they are the Government. They have to remove the controls, or terrors as I would call them. Let some Indians die of starvation if necessary, let some merchants go into bankruptcy, but give back his freedom to the Indian citizen. I cannot understand for one minute why economic forces are not allowed to take their normal course. If decontrolling means that merchants will try to raise prices, let us have Hartals against them. Let us even have riots, as we are having today, against them".

MATHAI'S REPLY

Replying to the debate, Dr. Mathai said "The emergency of war is now over but the economic emergency created by the war still continues in exactly the same form, probably slightly worse, and unless something is done by Government to prevent the very serious abuses which are possible under the conditions which prevail today, I do not think Government will be discharging its responsibility".

"I do not think enough has been said about the anti-social conduct of a large number of people in this country who have been concerned with the production and distribution of goods. The emergency conditions created by the war have been used in directions which do not reflect credit upon large numbers of people in the country and I think if this National Government is at all true to its purpose, it must not allow that kind of conditions to continue any longer". (cheers).

NO COMPARISON WITH AMERICA

The question had been raised why we should not lift our controls when America had done so. "There is a very vital difference between America and India in this respect and that is the whole case for maintaining controls. In America, with their productive capacity so large—it has been greatly enhanced during the war years—if controls are removed and prices go up, it is possible for the productive equipment of the country to meet the situation by increasing the supply of goods. We are not in that position today and that is the whole case for control".

THIRD READING

The House agreed to the motion.

During the third reading of the Bill, Dr. Ziauddin Ahmed said that controls had created monopolies and blackmarkets and the Bill instead of lowering the price level would only raise it. The Bill would also place enormous powers in the hands of the Civil Servants and entrust them with duties to which they were not accustomed. Very few human beings placed under such temptations could resist them.

The debate had not concluded when the House adjourned to tomorrow.

TEHERAN TROOPS ATTACK KURDS

INDISCRIMINATE ARRESTS IN BIHAR

PATNA, November 10. (A.P.I.): Mr. D. N. Mukherjee, Mayor of Calcutta Corporation and Secretary of the Bengal Provincial Hindu Mahasabha, Major P. Bardhan, Kumar Ganganand Singh, President of the Bihar Provincial Hindu Mahasabha, and Nawal Kishore Prasad, President of the Patna District Hindu Mahasabha, today met the Governor, Mr. Sri Krishna Sinha, and other Ministers including Mr. A. N. Singh, K. B. Sahai, and Pandit Jha, and had discussions for two and a half hours on the present situation created by the strong measure adopted by the Bihar Government.

The attention of the Ministers was drawn to the indiscriminate arrest especially of kisans of Monghyr, Chapra, Muzzafarpur, Patna and Gaya. It was explained to the Ministers that this would vitally affect the crop position in the Province.

They also drew attention to the danger to peace in the mofussil as well as in the town due to the inflow into Bihar of a large number of Muslims from outside.

BUENOS AIRES, Nov. 10 (APA): Final details of a treaty of friendship and trade between Argentina and Russia have been completed and the treaty will be signed here within a few days, a spokesman for the foreign office announced yesterday.

Bihar Leaguer's Call To Jinnah

"Stop Lawlessness In Bengal First"

BEGUSARAI, Nov. 11, (UPI): Dr. Syed Masud Ahmed, Secretary of the Sub-Divisional Muslim League, Begusarai, in the district of Monghyr, has addressed a letter to Mr. M. A. Jinnah, President of the All-India Muslim League, calling on the latter to "do all in your power to stop the lawlessness in Bengal if you have the least care for the protection of the Muslim community in the Bihar Province".

The letter points out that the happenings in East Bengal have brought reprisal in the province of Bihar. Although Congressmen are doing their best to afford possible protection to the Muslims, still their voice does not count much with the masses.

It says that the East Bengal happenings should be checked immediately if the Muslim population is to be saved from complete distruction.

The letter also admits that there have been several instances when Hindus have saved a large number of Muslims at great personal risk.

Dr. Masud Ahmed in his letter also regrets that the recent public statement of the Hon. Mr. Gaznafarali Khan "has added fuel to the flame and this is badly standing in the way to peace since Hindus after this statement say that the mass conversion in East Bengal was organised by the official policy of the Muslim League."

AZAD ON PROBLEM OF REFUGEES

PATNA, Nov. 11 (A.P.I.): Maulana Abul Kalam Azad has issued the following statement to the press:—

Anxious enquiries about the Bihar situation are pouring in the reports of the last three days point out that if no new factor crops up, the situation will gradually come under control.

The havoc wrought in the various districts has totally subverted the normal life of the affected areas and it will take a very long time to re-establish the old conditions.

The problem of refugees is becoming more important day by day. Even a moderate estimate of their numbers in certain towns is more than 60,000 in addition to a far greater number marooned in the villages where difficulties of communication are a great hindrance to their relief. However, the Government is trying to meet their primary needs and it is hoped that the difficulties will be surmounted."

Maulana Abul Kalam Azad will be leaving Patna by air for Delhi tomorrow afternoon.

MASHRIQUI'S THREAT TO RIOTERS

LAHORE, Nov. 11 (UPI): "If this terrible carnage of men, women and children in Bihar and Noakhali does not cease within a measurable time, I shall order 25,000 Khaksars, Hindus and Muslims and other to start for these places and stop this orgy and humbug of political parties by dint of their valour and sacrifices" says Allama Mashriqui in course of a statement to the Press.

Concluding, the Allama explains the role of the All-India Azad Muslim League, which he says "will strive to co-operate whole-heartedly with Hindus for the full and unequivocal independence of India.

Improvement In Dacca Situation

CALCUTTA, Nov. 11, (A. P. I.): The situation in Dacca town has been setadily improving. there being no incident reported during the past five days says Mr. Zahur Ahmad Chaudhury, Chief Whip to the Ministerialist Party in Bengal, who returned from Dacca this morning, in a statement. He adds: The Bakr-Id passed off peacefully except for an insignificant and minor incident.

The situation in the mofussil is also quickly returning to normal.

DR. MOONJE FOR BIHAR.

NAGPUR, Nov. 11, (A. P. I.): Dr. B. S. Moonje, acting President of the All-India Hindu Mahasabha, is leaving for Bihar tomorrow in response to an urgent request from Bihar Hindu Sabha leaders.

Dr. Moonje will be in Calcutta for a few days before proceeding to Bihar.

Khan Saheb Hopes Sanity Will Dawn

PESHAWAR, Nov. 11, (U. P. I.): Strong faith in the eventual triumph of reason and defeat of the lawless forces now rampant in the country was expressed by Dr. Khan Sahib, the N.-W. F. Premier, in an interview to the United Press of India today.

He said: "The people will realise soon the futility of murder, arson and loot as methods for winning their objective. They will soon know that cutting each other's throat pays nobody else but India's enemies."

Referring to the N.-W. F. Province, he said: "So far as my information goes, there is no such thing as a Hindu Muslim question here."

Indicating his solution of the problem of the tribal areas, Dr. Khan Sahib said: "Our aim is to unite the Pathans and make them self-sufficient, rather than produce hirelings by doling out money to them."

Referring to Pandit Jawaharlal Nehru's tour of the tribal areas, Dr. Khan Sahib said that it was extremely successful in so far as it made the Pathans realise the shaky position of the British in India. He said that a large number of tribal leaders everyday approached the Frontier Ministry for suggesting a new line of action in view of the impending exit of the British from India.

British-Yugoslav Commercial Agreements

BELGRADE, November 10, (U.P.A.): Four commercial agreements between the British and Yugoslav Governments were expected today to be signed before the end of the month.

The agreements comprise the following:

A trade agreement involving the exchange of Yugoslav materials for British finished products, particularly medical and technical supplies.

A property agreement for the return of Yugoslav property in Britain which was blocked during the war because of the occupation.

A payment agreement will be evolved on the basis of the sale of goods to Yugoslavia through private business and raw materials purchased from Yugoslav state controlled industries.

The signatures have been hanging fire since July because of the last point but British Embassy officials expect a successful conclusion about the end of November in the negotiations.

Meanwhile the British Food Ministry has arranged for Yugoslavia to ship 500 tons of turkeys to Britain for Christmas. Yugoslavia offered to sell the turkeys because of a lack of fodder.

FLAGRANT VIOLATION OF U.N.O. CHARTER

Soviet Envoy Attacks Smuts' Demand For Annexation Of South-West Africa

LAKE SUCCESS, Nov. 11, (Reuter): The Russian Ambassador to the United States M. Nikolai Novikov told the United Nations Trusteeship Committee today that the Russian delegation would insist that the Trusteeship Council be established at the present meeting of the General Assembly.

He charged those Mandatory Powers, which have not yet submitted draft terms for former Mandated territories with the responsibility for the non-establishment of the Trusteeship Council so far — more than a year after the San Francisco Conference.

PALESTINE ISSUE

Referring to Palestine he declared: "The attempt of the British Government to solve the Palestine question by negotiations with the United States and with Jewish and Arab groups outside the United Nations does not correspond to the United Nations Charter principles. "Independence would have to be granted to Palestine or Palestine would have to become a trust territory under the Charter. There is no third way", he declared.

Characterising South Africa's request for incorporation of South-West Africa as a proposal for annexation, he said: "It is a flagrant violation of the United Nations Charter."

FOREIGN MINISTERS' MEETING

NEW YORK, Nov. 11, (Reuter): The unagreed annexes to the Rumanian Treaty formed the first item to be dealt with when the Council of Foreign Ministers Session was resumed today.

BATTLE OVER RUMANIAN OIL

Byrnes Joins Hands With Molotov Against Britain

NEW YORK, Nov. 11, (Reuter): The United States Secretary of State Mr. James Byrnes and the Soviet Foreign Minister M. Molotov joined hands in the Council of Foreign Ministers today to oppose the British Foreign Minister Mr. Ernest Bevin's strongly pressed proposal for a separate clause in the Rumanian Treaty covering compensation to foreign oil companies with pre-war interests in Rumanian oil. The United States and Soviet representatives claimed that the question was already covered in other articles of the Treaty.

The British demand was referred to the deputies to see if it was in fact covered by other articles of the draft treaty.

REPARATIONS FROM BULGARIA

On the question of Bulgarian reparations to Greece and Yugoslavia, Britain and the United States were agreed in asking for 125,000,000 dollars reparations from Bulgaria to be equally divided between Greeks and Yugoslavs, but M. Molotov wanted this figure to be reduced to 25,000,000 dollars — 16,000,000 for Yugoslavs and 9,000,000 for Greece. Mr. Bevin turned down a compromise proposal of 30,000,000 dollars suggested by M. Molotov. The discussion on this subject was proceeding.

Pt. Malaviya Unconscious

Condition Worsens According To Doctors

BENARES, Nov. 11 (A. P. I.): A Board of Doctors who examined Pandit Madan Mohan Malaviya at 10 a.m. this morning said that his condition has deteriorated, still further and continues to be very grave.

At 7 a.m. today the following bulletin was issued from Pandit Madan Mohan Malaviya's bungalow.

"Last night's condition continued. Pandit Malaviyaji is lying peacefully. He has lost consciousness of things around him. He appears to be soundly sleeping as he always did in health. His lips are slowly but constantly moving.

Till last night during his muttering the name of Mahatma Gandhi and Pandit Jawaharlal Nehru were sometimes audible, but now it appears he is constantly muttering "Hare Ram Hare Ram" very slowly. There is complete peace around him."

All the three sons and two daughters of Pandit Malaviyaji arrived in Benares along with their families.

PRAYERS FOR MALAVIYA'S RECOVERY

BOMBAY, Monday: (A.P.I.): A meeting of Hindus held this evening at Madhava Bag under the auspices of the Hindu Relief Samiti prayed for speedy recovery of Pandit Madan Mohan Malaviya from the illness and for his long life.

Pondicherry Delegates For Meerut Session

PONDICHERRY, Nov. 10 (U.P.I.): The Working Committee of the Karaikal National Congress has decided to send delegates to the Indian National Congress session at Meerut.

The Working Committee has also requested the French India Government to introduce prohibition in French possessions.

The Committee requested the Government and trustees of Hindu temples to allow all Hindus into temples for worship irrespective of caste.

NAZI JOURNALIST GETS SIX YEARS' JAIL

KARLSRUHE, (U.S. Zone of Germany) Nov. 11 (Reuter): Dr. Karl Neuscheler, a well-known former Nazi Journalist and wartime correspondent of "Voelkischer Beobachter", the Nazi Party newspaper, was sentenced to six years' imprisonment in a labour camp by a "Denazification" court here today.

The court also ordered the confiscation of his entire fortune, prohibited him from working as a journalist for 10 years and sentenced him to pay the costs of the action.

Rajen Babu Still Runs Fever

PATNA, Nov. 11, (U. P. I.): Dr. Rajendra Prasad, Food Member, Government of India, who is down with fever since last Friday, is still having temperature. His morning temperature of 98.6 degrees rose up to 100 degrees last evening.

He was examined by Drs. Raghunath Saran and Damodar Sahai. The doctors have advised complete rest.

SEC. 144 IN MUZAFFARPUR CONTINUES

MUZAFFARPUR, Nov. 10 (API).—The order promulgated in the town of Muzaffarpur under Sec. 144 Cr.P.C. banning meetings, processions, assemblage of five or more persons and the carrying of lethal weapons, has been extended further for a period of one week from today by the District Magistrate of Muzaffarpur.

DUSK TO DAWN CURFEW IN BAREILLY

BAREILLY, November 11. (U.P. I.): The dusk to dawn curfew which was enforced last night by the District Magistrate Bareilly City Municipal limits for one week, following a stabbing incident on the night of November 9, is expected to ease the tension which still prevails here.

While civil and armed police pickets have been posted in danger areas troops were twice deployed in patrolling the city, which had a salutary effect in eliminating the panic which has been persisting since the last two days.

The "Kartik Snan" Mela passed off peacefully in Sardanagar Ghat in Bareilly District and Kakora in Baudaun district, where several lakhs of pilgrims collected for bathing.

390 ARRESTS IN BENARES

BENARES, November 11, (A.P.I.): Three hundred and sixteen persons have so far been arrested in connection with the communal disturbances which broke out here on October 21.

A very large majority of them were arrested for violating the curfew.

There has been no incident in Benares for the last three days. The curfew which was enforced for a week on November 7 will continue, says the District Magistrate in a communique issued this morning.

D. F. Karaka:

Off My Chest

Cricket is on, of course. You know the sort of cricket which sportaman play—for the sake of the sport as different from that "cricket" which has gone out of fashion at the Brabourne Stadium but which is still played elsewhere in the City.

Now the booze has all been stopped. The idea is that without toddy the people's passions will calm down and peace will be restored. On Saturday a man rang me up from the Taj Mahal Hotel and he said he could not get a glass of toddy nor could I find out why the Taj Bar was behaving so anti-social like. So I rang up the Taj Bar and they told me it was a Government Order.

I said, "which Government?"

He replied, "Our Popular Government".

So, of course, there was no argument about it after that.

But, there was (I am told) a hell of a riot at the Taj as a result of the stoppage of toddy. Everyone refused to eat meat without drink, and there were not enough vegetables to go round.

History was made at Woodley Aerodrome, near Reading, last month, when a new Morris 8 was driven onto the landing strip, climbed a specially designed ramp and disappeared into the fuselage of a Miles 'Aerovan' freight carrier.

It was the first British private car to be delivered from a factory by air.

Here in India, cars are not delivered that fast except in the Black Market where things have been moving fast all the time. In the old days there were PERMITS for cars but then everyone found these permits so expensive that Government thought it better to let the dealer have all the profit rather than that a middle-man should chisel a bit of it for himself.

Homi Bhabha of the Tata's Research "Factory" gave an interview to TIME Magazine in New York, next week when Homi looked at TIME he found instead a picture of a TATA AIR Hostess and what she earned as salary. It only goes to prove that Beauty pays.

SABOTAGE IN SOVIET ZONE

Two More Factory Fires Reported From Dresden

BERLIN, Nov 11 (Reuter): Two more factory fires, believed to be acts of sabotage in Saxony in the Soviet Zone, were reported from Dresden today.

The factories concerned were a printing plant near Kreba and a cellulose works at Pirna.

The outbreak at the latter work was the second in ten days.

Five other factories went up in flames earlier this month and textile and paper plants were destroyed in the first confirmed acts of sabotage in the Soviet Zone.

Newspapers have published an offer of 100,000 marks as reward for information leading to the arrest of saboteurs, but so far none has been detected.

FED UP WITH SUEZ CANAL ZONE

CAIRO, Nov. 11 (U.P.A.): Reports that British soldiers at Tel-el-Cebel in the Suez Canal Zone had stayed away from work and held protest meetings against a recent announcement on demobilization were confirmed by an official statement from GHQ in Cairo today.

The statement said: "As a result of a recent statement regarding new release dates, certain soldiers from some administrative establishments in Tel-el-Cebel were missing from their work on November 9 and meetings were held in Tel-el-Cebel which expressed dissatisfaction over the release announcement."

CHINESE NATIONAL ASSEMBLY POSTPONED

NANKING, Nov. 11, (Reuter): The National Assembly has been postponed for two or three days, it was officially announced today.

The meeting was originally fixed for November 12 after five previous postponements.

Great sums have been spent in re-equipping the Assembly hall and the preparatory office has been working overtime to complete the interior decoration and arrange board and lodging for some 2,000 delegates crowding into the capital.

A great majority of these are members of Generalissimo Chiang Kai-shek's Kuomintang Party and were nominated eleven years ago.

COMMUNIST ATTITUDE

NANKING, Nov. 11. (APA): Gen. Chou En-Lai, the Communist chief said that his delegation would return to Yenan the Communist capital if the Government proceeded with its plan for holding the Assembly tomorrow.

Gen. Chou En-Lai, Gen. George Marshall and Gen. Chen Cheng, the Government Chief of Staff, met today primarily to seek clarification of the conditions of Gen. Chiang Kai Shek's cease-fire order. The Generalissimo's order was to be effective from noon today, but there were no immediate reports of its success or failure.

Watching the trains go by ---

W-O-O-S-H! With a breath-taking roar the Bombay Mail goes thundering by. Presently there will be a freight train partially loaded with goods manufactured in the city—and then another passenger train—and then another.

Electricity Means Progress

This transport has been facilitated by the use of electricity, that adaptable form of energy which furnishes power not only for our railways and tram services but for the machines in our factories and for light, fans, heat and refrigeration in our homes. Without it Bombay could not have attained its present importance in the industrial and commercial world.

Efficient operation ensures low rates

Tatas are proud of their record in the communities in which it is their privilege to serve. The foresight of Jamshedji Tata and the enterprise of his successors make possible today an electric service in Bombay, Poona and surrounding districts, second to none at industrial power rates on a par with the most favourable anywhere.

MR. JASDANWALA'S XI IN FINAL

Local Festival Cricket

BOMBAY, Monday.

Mr. Shantaram Shete's XI (First Innings)	154
Mr. Jasdanwala's XI (First Innings)	282
Mr. Shantaram Shete's XI (Second Innings) for 4 wkts.	121

By virtue of their first innings lead of 128 runs Mr. Jasdanwala's XI earned the right to figure in the final of this year's festival cricket at the Brabourne Stadium. Continuing at their overnight score of 73 for 3 wickets, Uday Merchant and Abdulla carried the score to 158 before the latter was beaten and bowled by Mohiuddin for a valuable 63. He played in patches sometimes good and sometimes extremely diffident. He experienced the same difficulty this morning while facing Mohiuddin that he encountered with Divecha last evening.

Uday, despite the chance he offered to Kassam off Irani before he had reached his twenties played well and was always well on top of the ball, smothering the spin on all possible occasions. His dismissal was the result of his mistiming one of his hooks off a short rising ball.

Lawyer started very shakily and made his first shot rather desparately as he was beaten by the two previous balls. Once, however, he had settled down there was more of confidence discernible in his batting and on the whole he played well to carry his bat for 70.

There did not appear to be much either in the attack in general. Neither Palwankar nor Moniuddin who claimed three wickets each looked deadly enough on a wicket that was affording the bowlers a good deal of assistance.

In their second knock, Mr. Shantaram Shete's XI did not fare much having at one stage lost four wickets for only 40 runs. Modi and Amersey, however, playing with an eye on the clock almost saw the day through. Each would have been undefeated at the end of the day had not Modi thrown away his wicket in the very last over. He played a little better than yesterday and showed his normal confidence, but again failed to use his feet as quickly as he usually does.

With an overwhelming lead established rather late in the day the second innings of Mr. Shete's XI was devoid of any but academic interest and the match peter out.

INDIAN GLASS INDUSTRY

Evil Of Child Labour Rampant, Says Adarkar

"Within the last five years employment in the regulated glass factories in British India has gone up by 105 per cent. There has been virtually a scramble for skilled and semi-skilled workers, who are recruited from areas hundreds of miles away from the factories," observers Prof. B. P. Adarkar, Member, Labour Investigation Committee, in his report on Labour conditions in the Glass Industry.

The Report estimates that the number of workers in the glass industry in British India is about 28,000, while the total employment in the Indian States may be in the neighbourhood of 5,000.

The industry, says the report, presents an interesting panorama with "shishgars" manufacturing bangles and others making hollow-ware on small scale in the old traditional ways at one end, and huge glassware factories producing modern goods at the other. The operations of the former are governed by no law whatever.

CHILD LABOUR

About 6,000 workers are employed in the Firozabad cottage shops alone of which about 2,500 may be children of 6 to 10 years of age. The joining, cutting, enamelling and painting shops employ on an average 5 persons each. In these shops due to strong personal ties between the workers and employer, labour turnover is discouraged, but due to the prevalence of the drink evil, absenteeism among the workers is high.

The general wage level in the industry as a whole has gone up by 100 per cent. and more, although till 1942, wages did not show any appreciable increase. Only the wages of blowers began to rise from the first days of the present war and have gone up by 200 to 300 per cent. so far.

The report which contains a detailed survey of the actual conditions of the workers, points out in conclusion that the glass industry is still unfortunately one of those where serious evils prevail in spite of factory laws, and as far as the cottage industry, conditions in it seem to be actually worse. Prevalence of child labour in both the regulated factories and in cottage shops deserves, says the report, immediate and particular attention.

M.C.C. ALL OUT FOR 314

Australians Make 90 For Loss Of One Wicket

MELBOURNE, Nov. 11 (Reuter):—On the third day of what is now a five-day game against an Australian Eleven with another day's play added to compensate for the loss of the day on the opening day, the M.C.C. raised their Saturday's total of 171 for three wickets to 314 all out. Their total was compiled in seven hours, progress being generally slow and only relieved by the hitting of tail enders.

The Queensland slow leg-break bowler McCool, who took seven wickets for 106 runs, must now be a serious contender for a place in the first test starting at Brisbane later this month. McCool always wanted careful watching. Bradman set a cleverly placed field, which was difficult to penetrate and during the morning spell of ninety minutes to lunch, the M.C.C. added only 51 runs losing two wickets, both to McCool, in doing so.

"OLDFIELD" SAGGERS

Hammond took some while to settle down but was undisturbed by the quick departures of Compton and Yardley. Nevertheless, the England Captain's 51 took him two hours 50 minutes during which stay he hit but three fours. Smith and Voce used the long handle to good effect and took the total over 300 which score seemed somewhat doubtful when the seventh wicket fell for 249. Saggers kept the wicket splendidly for the Australians and did not concede a single leg-bye. His taking of McCool's spinners and the fast deliveries of Puckett and left-handed Freer was one of the features of the M.C.C. innings. His early stumping of Compton, who at first did not realise he was out, was reminiscent of Bert Oldfield at his very best.

The Australians had 100 minutes batting before the play closed for the day, in which time they scored 90 runs for the loss of Harvey's wicket, which fell with the total at 39. Morris played confidently and with his Captain Bradman added 51 runs for the unbroken second wicket stand.

POLLARD'S BOWLING

Pollard bowled well for an hour and a half during which period he bowled 11 overs conceding only 31 runs. He kept a good length and was rarely off the wicket. The Australians, therefore, finished up 224 runs behind the M.C.C. total with nine wickets in hand.

Bradman played with his old confidence placing the ball well. He was also quick between the wickets stealing many runs.

DEADLOCK MAY DEVELOP BETWEEN TRUMAN AND CONGRESS

WASHINGTON, November 10 (U.P.A.): For the first time since 1942, the United States resume operations under free economy on Monday but amid the prospects of President Truman's decontrol order is the fact that it may bring a wave of strikes that may produce a deadlock between him and the new Republican Congress.

Spokesmen of all segments of labour and many Government economists on Sunday night said that the first result will be a sharp rise in prices which will bring increased pressure for wage increases and another wave of strikes was predicted if the industry rejects the demands.

The biggest immediate trouble spots are expected to be soft-coal mining and building construction trades—both of which are dominated by unions belonging to the American Federation of Labour But the worst is feared when unions of the Congress of Industrial Organisation in basic industries such as steel, rubber, oil, meat-packing, electrical manufacturing, automobiles and farm equipment join in a united front in the next sixty to ninety days, for cost of living wage adjustments.

Whites On Trial

Sorabjee Rustomjee On Indian Issue Before U. N. O.

NEW YORK, Nov. 10 (Reuter): Mr. Sorabjee Rustomjee, representative of the South African Indian Passive Resistance Council, arrived by air from Durban to act with Mr. H. A. Naidoo, who arrived previously as adviser to the Indian delegation on the question of the Indian minority in South-Africa in connection with the Asiatic Land Tenure and Indian Representation Act.

He was met at the Laguardia Field by Mr. Naidoo, Mr. P. S. Mani, Superintendent of Indian Liasion Office of the United Nations and Mr. J. J. Singh, President of the India League of America.

Mr. Rustomjee said that he was bringing a full reply which would prove the wrong assertions in the pamphlet issued by the Durban Corporation and the Durban Municipal Joint Wards Association.

Mr. Rustomjee said that it was printed by White printers after Indian printers were asked to go home and that it did not represent the views of the minority.

"It is very regrettable that this anti-Indian propaganda should be financed by the City Council of Durban from the treasury to which Indian tax-payers also subscribe even though they are not permitted to vote", he said.

Mr. Rustomjee said that the main reason for his coming to the United States was to inform the United Nations Assembly and the people of America about the South African Indian situation. "The Government of the Union really does not represent us because we are voteless both in the Government and Municipal affairs", he said.

"Indians in South Africa were greatly heartened when General Smuts lost his first round in trying to remove the South African Indian question from the agenda of the Assembly.

"I hope the United Nations Assembly will find a reasonable solution of the question and thus eliminate colourbar and racial oppression which exists in South Africa. White civilisation is on trial at the United Nations Assembly.

"A word of warning to those at the Assembly to zealously guard the laudable preamble initiated by General Smuts at the San Francisco Conference: humanitarian rights if overlooked by White civilisation will certainly be safeguarded by the conference of Asiatic powers, at New Delhi on February 14."

ZOOLOGICAL SURVEY OF INDIA

Six-Year Scheme Costing Over 70½ Lakhs Proposed

A six-year scheme entailing total expenditure of over 70½ lakhs rupees has been proposed in a memorandum on the reorganisation and expansion of the Zoological Survey of India prepared by Lt. Col. R. B. Seymour Sewell, a former Director of the Survey. The proposals are under the consideration of the Government of India.

The scheme, as proposed, will be in full operation in 1951-52 and the capital part of the expenditure will amount to 63½ lakhs. The total staff will be increased from 88 to 318. The scheme envisages a complete survey of the animal kingdom of the country and essential research on the fauna and general ecology and animal population studies.

WHEN YOU CAN GET ONLY A LITTLE

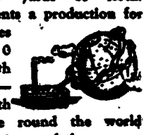
-Choose the Best!

LIKE all the mills in India we are limited to the manufacture of essential types of cloth only, as required by the Government Controls, but our present DRILLS, TWILLS, COATINGS, SHIRTINGS, TOWELS, AND LONGCLOTH are of that same durable quality and good finish that has always characterised Buckingham & Carnatic Mills materials.

During the present world shortage of Textiles, all of us will have to make do with limited cloth supplies for months or even years to come. To get the best value for money during this time of shortage, see to it that whenever possible you buy the long-lasting Buckingham & Carnatic Mills cloth distinguishable by these famous trade marks :—

WAR

In the past six years we have supplied to Government over 432,000,000 yards of cloth. This represents a production for war purposes of 41,000 miles of cloth per year — enough cloth to go once round the world every 7 to 8 months!



The Buckingham & Carnatic Mills in 1900 were the original pioneers of Khaki cloth in India, and always shoulder a heavy task in time of war.

PEACE

Our production today is over 6,000,000 yards monthly, but railway difficulties prevent free distribution to some distant centres

Shortage of chemicals and dyestuffs prevents the manufacture of many pre-war favourites, and also of a wide range of colours. We hope this is temporary.

In the meantime our huge output of essential cloth gives you durable quality in good utility materials.

Long before price control was introduced by Government, we kept our prices low. Our materials still remain by far the best value for money at controlled prices

Stock Exchange Rules Steady On Moderate Support

GOLD DECLINES BUT SILVER STEADY ON SHORT COVERING

Narrow Price Movement In Cotton Market

Bombay, Nov. 11

The Bombay Stock Exchange was quiet to-day on moderate selling. The general feeling is against any pronounced improvement in quotations in view of disturbed internal political situation and investors are not inclined to lend their support on hopes of seeing lower levels. Moreover traders cannot form any definite ideas about the Government's financial and commercial policy. Anyway the market remains dull with little enthusiasm. Present level of quotations are believed to be reasonable but in view of uncertain factors is checking buying urge.

Tata Steel Defds opened to-day at Rs. 2900 and after declining at Rs. 2890 improved at Rs. 2907. Ordinary shares opened at Rs. 525 and steadied at Rs. 527. Bombay Dyeing shares opened at Rs. 2975 and after declining at Rs. 2965 steadied at Rs. 2970. Kohinoor shares opened at Rs. 928 and after touching Rs. 926 steadied at Rs. 928.

Towards the close there was some short covering and Tata Steel Defds. improved at Rs. 2920. Ordinary shares were quoted at Rs. 528 but Indian Irons were quiet at Rs. 52. Bombay Dyeings were done at Rs. 2975, while Kohinoors improved at Rs. 941. Simplex shares were steady at Rs. 442.

Andhra shares were quoted at Rs. 1900 and Trams were done at Rs. 127/8. Central Bank shares were quiet at Rs. 132 and India Bank shares were placed at Rs. 257. Associated Cement shares were placed at Rs. 244, while Scindia shares were done at Rs. 48/5. Bombay Burmas were quoted at Rs. 725. The market closed steady.

Weekly Worth Street Cloth Review

NEW YORK, November 9. (U.P. A.): A United Press of America review of the Worth Street Cotton Market for the week ended today shows that manufacturers divided their attention during the week between the gyrations of raw cotton and the chances for an early end of all Government controls.

Resting on the order that the backlog was big enough to keep them fully occupied through February, producers found time to re-appraise the situation in the light of the election results.

Looking ahead millmen began to shape their plans on the possibility of Government controls being a thing of the past by the turn of the year. Sharp criticism developed in some quarters over the failure to remove the 120-day limitation on forward sales following Stabilization Director Steelman's suggestion for such action. Executives said that the failure to act constituted the chief obstacle to booking new business into March and beyond. The chances for the removal of price and distribution controls are believed to have been considerably enhanced by the further drop in raw cotton prices and there are recurring rumours that the O. P. A. may remove price controls, possibly over the week-end.

RELAXATION OF CONTROLS

O. P. A. officials were said to feel that if the price curbs were removed, it would be impossible to hold any production or distribution regulations on fabrics. Word that the O. P. A. this week suddenly recalled its field statisticians and accountants bolstered the hope for an early relaxation of controls.

Agency and market surveyors were reported to have been checking industry earnings and positions with the object of building arguments against requests for a return to free market conditions. On the ceiling situation, fears arose that if the O. P. A. controls remain, the selling schedule of fabrics during December might undergo a sharp downward revision.

Wool fabric markets remained quiet while the situation on rayon fabrics largely duplicated the conditions prevailing in other textile markets.

Fear of Deflationary Implications Tells On N. Y. Cotton Prices

NEW YORK, Nov. 9 (UPA)

Prices fluctuated over a wide range rebounding in later sessions after dropping to the lowest level in more than five months, according to a 'United Press' review of the New York Cotton Market for the week ended today.

At Saturday's close, the list ruled 142 to 205 points—dol. 7.10 to dol. 10.25 per bale lower than during the previous week when losses ranged from 75 cents to dol. 5.75 per bale. The Government crop report pointing to the smallest yield in 25 years, plus reports of a holding movement among Southern producers and the resurgence of trade buying against textile orders as well as technical and replacement demand, all combined to lift the prices from the extreme lows. Dropping to the lowest levels on Thursday, December delivery touched 27.83 cents per pound, representing a cumulative loss of over dol 56.00 per bale from the 26-year-high achieved a month ago and established the lowest price since last May 22nd.

HEAVY LIQUIDATION

Deflationary implications read into the election returns, plus suggestions that the Republican Congress would be less friendly towards the price supporting scheme for commodities, plus the chance that the dominant voice of Cotton State Congressmen on farm legislation might be soft-pedalled brought resumption of heavy liquidation and hedge offerings through the first half of the week, but as the prices for deferred positions went 1 1/2 to two cents per pound below the loan rate for the present, the crop pressure lightened and the ensuing rebound was furthered as the small crop prospect brought attention back to the prospects for the tight statistical position before the next crop is harvested.

BANKERS' CLEARING.

Cheques delivered through the Bombay Bankers' Clearing House during the week ending 8th Nov. 1946, were as under:—

Number of Cheques: 139608.

Amount of Cheques: Rs. 43,75,67,-850-0-0.

Resettlement Of Ex-Servicemen

The Regional Public Relations Officer in a Press Note says:—

The speculation in regard to the future of the Director-General of Resettlement and Employment has been set at rest by a recent official pronouncement on the subject. Since the desirability of resettling ex-servicemen had never been in dispute, and criticism of the organization set up for the purpose had been mainly on the score of administration, the Government's declared decision to bring about reorganisation, in the light of actual requirements, should satisfy the most vehement critic that the authorities are alive to the need for better organisation. Moreover, this readiness to reorganise whenever necessary, will eliminate that rigidity which is fatal to any organisation which has to contend with vicissitudes of modern economic life. To be at all effective, any employment service needs must maintain a a high degree of elasticity. Official figures have also been published, in regard to another aspect of the organisation which has frequently come up for a good deal of criticism—viz. cost of placings. Official statistics show that the 'per capita' expenditure involved in placing an ex-serviceman in employment was Rs. 16/- in July 1946 as against Rs. 20/12- for the April-June quarter of the same year. A fact which is not so widely known but is relevant to the subject is that the cost of placing a man in the U. K. just after the first World War, when Employment Exchanges had been in existence in that country for over 10 years, was about Rs. 40/-.

Similarly, the 'per capita' cost of the training schemes works out at Rs. 22/- p. m. in the case of Technical Training and Rs. 17/4/- p. m. for Vocational Training. Though both these figures are exclusive of the stipends given to trainees, they do not seem to be excessive in view of the fact that the Advisory Committee of Technical Training appointed by the Government in 1944 had estimated a higer 'per capita' cost for such training schemes; those who are still critical of the scheme will do well to remember that this is a small price to pay for the large reserve of skilled workers which these training schemes are bound to create.

ORISSA TAKES FIRST PROHIBITION STEP

CUTTACK, (By Mail).—It is reliably understood that the Government of Orissa will shortly introduce their scheme of Prohibition in the three coastal districts of Balasore, Puri and Ganjam. Certain prohibitory orders to check the use of intoxicants will also be issued in other districts.

ORISSA'S NEW CAPITAL

CUTTACK (By Mail).—The Construction of buildings at Bhubaneshwar, the newly selected site for the future capital of Orissa will begin early next month. The first office to be shifted to the new site will be the P.W.D. Secretariat, which is now housed far away from the Civil Secretariat.

A NEW DAM OVER MAHANADI

CUTTACK (By Mail).—The preliminary survey for the construction of a mighty dam over the Mahanadi at Hirakud in Sambalpur District has been completed. The Government of Orissa have decided to go ahead with the project and work will begin this winter I understand the Government of India have sanctioned a sum of Rs. 16 crores towards the project.

I. C. I. STRIKE ENDS

Dispute Referred To Adjudication

Mr. Saad Ali, the General Secretary of I.C.I. Unions, has issued the following statement:

The dispute between the I.C.I. Unions and the Management has been referred to Adjudication by the Government and all employees are expected to resume work tomorrow.

The Joint Advisory Council wishes to thank the Press and the public for their co-operation and help, during the strike.

All members of the Unions on strike are requested to be present at their respective places of work half an hour before the normal starting time, on Tuesday when certain instructions will be given. We are sure that all members will behave in a disciplined manner.

"HAMRAHI" BANNED IN RAMPUR STATE

MORADABAD, Nov. 11 (U. P. I.): "Hamrahi", the Hindusthani version of "New Theatres" production "Udayer Pathey", has been banned from screening in the whole of Rampur State. The picture was to have been on display in the State yesterday.

The reason for the ban is stated to be recent labour trouble in the State. As the film advocated the cause of workers, it is reported, the State authorities were perturbed and have prohibited its display.

SOCIALIST CONFERENCE IN CENTRAL INDIA

Provisional Committee Formed

(From A Correspondent)

INDORE CITY, Nov. 11.

On the occasion the Gwalior State Congress, the annual of the All-Central India Socialists' Conference was held at Juna Town. Mr. Jai Prakash Narain guided the deliberations. Representatives from Gwalior, Indore, Bhopal, Bundelkhand, Baghelkhand and other States participated in the Conference.

Mr. Jai Prayash Narain explained in detail the aims and objects of the Congress Socialist Party and advised workers to carry the Socialist Party's programme into Central India States.

The conference decided to form a Central India Regional Committee of the All-India Congress Socialist Party. A Provisional Working Committee with Mr. Gopikrishna Vijayvarjeeya (General Secretary), Mr. Swamicharan (Organising Secretary) and Mr. Laxmansingh Chauhan of Indore (Labour Secretary) has been formed.

BHOPAL MINISTER'S ASSURANCE

Will Ensure Protection To Life And Property

BHOPAL, Nov. 10 (A.P.I.): The determination of the State Government to maintain law and order at all costs and to ensure complete protection of life and property was stressed by Mr. Shuaim Qureishi, Home Member, Bhopal State Government, presiding over a meeting of State Citizens' Central Peace Committee last evening.

Mr. Qureishi was, however, confident that the Government would not be called upon to have recourse to their special powers in view of the cordial relations now prevailing among the citizens of the State.

Representatives of Bhopal Muslim League, Hindu Mahasabha, States People's Conference and Khaksar Organisation were present.

Mr. Shakir Ali Khan, a prominent leader of States' People's Conference, expressed the view that the Government should institute press censorship of all news relating to communal situation in the country and also advocated deterrent punishment for all rumour-mongers and mischievous elements.

RESTRICTIONS ON RANI GUIDALO

GAUHATI, Nov. 11, (U.P.I.): The resolution of the Assam Provincial Congress Committee, which has already been referred to the Central Government, urging the release of Rani Guidalo and withdrawal of restrictions on the excluded and partially excluded areas of Assam seems at last have borne fruit.

It is gathered from informed circles that the Government of India have advised the Assam Governor to withdraw all restrictive orders imposed upon Rani Guidalo who was convicted 14 years ago for political propaganda in hills and has been released by the Congress Ministry though the restrictions imposed upon her by the Governor of Assam were not so long removed.

On being asked about the matter, the General Secretary of the Assam Provincial Congress Committee has already sent facts and figures about the restrictions in force against Rani Guidalo and about actual difficulties in excluded areas to members in charge of these matters.

It may be also mentioned that Premier of Assam, Mr. Gopinath Bardolai, in course of his visit to New Delhi acquainted Pandit Nehru and Sardar Patel about these matters.

FOOD SITUATION IN BRITISH ZONE

No News Or Comments In German Press; Tense Atmosphere Prevails

HAMBURG, Nov. 11 (APA). Pending "a statement by His Majesty's Government" today, a news black-out has been imposed on the German people about the food situation in the British Zone, the Associated Press of America learned officially yesterday.

Officials said that no news must be given to the German papers, radio or other means of information. The ban has been extended to the distribution of comment by British and foreign newspapers. No editorial comment on the food situation was to be allowed to reach the German papers, the instructions said.

Meanwhile, public safety officers gave up their week-end to stand by in a situation which was quiet on the surface but undeniably tense.

Since the trade unions made a stand on Friday with the flat assertion that they could no longer be responsible for the behaviour of the German people unless conditions improved, there has been an "any moment now" air about the zone.

The series of recent burglaries in Rhine army families' homes in the Herford area caused some disquiet but they are not necessary connected with the recent food crisis, but Herford's crime wave has caused considerable alarm among army families.

Fresh Inquiry Into Siam King's Death

BANGKOK, Nov. 10 (APA): Dissatisfied with the report by a commission of inquiry on King Ananda Manidol's death after five months investigations, the Siamese Cabinet today took matters into its own hands.

A sub-committee appointed by the Cabinet, opening new investigations, went to the Royal Palace to study the scene of the King's death and will report on its findings. The Regency Council is also to be asked to order a new police inquiry.

The commission of inquiry, dismissing an accident as the cause of death, said it might have been suicide or assassination, but without subscribing to either view.

Korean Rightists Ask Election Annulment

SEOUL, November 10. (U.P.A.): Dr. Kim Kiu-ic, leading Rightist representative to the Democratic Council and co-chairman—with Leftist leader Lyuh Woon Heung—of the Coalition Committee sent a letter to Lt. Gen. John R. Hidge Commander of the American occupation forces, asking complete or at least partial annulment of last week's interim Legislative Assembly elections because, "generally speaking, patriotic Koreans have not been elected and due to severe police interference it is to be regretted that the Leftists did not participate in the elections" it was learned today by Stanley Rich, United Press of America staff correspondent.

Kim charged that the elections were "not carried out democratically, mainly due to the manipulations of certain groups, acting for selfish interests."

A high American staff officer said Hodge was investigating, but U. S. Army quarters opined it was unlikely that the elections would be voided unless Kim furnishes positive proof of his charges, many of which were levelled specially against Syngman Rhee's National Association for the Acceleration of Independence, which won 14 of 45 Assembly contest

REPLY TO 'WARNING' PUBLISHED IN THE ISSUE OF THE "BOMBAY CHRONICLE", DATED 9TH NOVEMBER, 1946, AND "BOMBAY SAMACHAR", DATED 11TH NOVEMBER, 1946.

I, PANNALAL MANCHANDA, hereby Notify that the statements made under the caption "Warning" over the signature of Rajaram Panday, Advocate, are entirely false. It is absolutely untrue that I was entrusted by Mr. Gurbachan Singh of Amritsar with 8 Blank-signed letter-heads of Messrs. Gurbachansingh & Bros. of Amritsar and 3 blank signed letter heads of Messrs. Narayansingh & Sons of Banga for sending indents (offers) to the Director of Disposals and that I failed to return them to the said parties, when called upon to do so.

The said false allegations are made to derive support in a dispute that has recently taken place between Messrs. Gurbachansingh & Bros. and another Firm. The name of that other firm and facts and particulars regarding that dispute need not be mentioned here.

I am taking legal advice in the matter.
